MELAMINE DINNERWARE

MINGLE

- Has the look of handmade pottery with a lovely swirl pattern and a faux glazed edge
- Lightweight melamine is easier to handle compared to the weight of real pottery
- Raised foot elevates the plate from the table surface for a graceful serving silhouette
- Temperature insulated; resists drawing heat or cold away from food.
- Suitable for indoor and outdoor use and in a variety of settings from dressy to casual
- Safe for temperatures up to 212°F
- Dishwasher safe; NSF listed
- One-year limited warranty

DISH DOLLIES

OPTIMIZER™ ADJUSTABLE DISH DOLLIES

- Adjustable dividers eliminate the need for individually sized dollies
- Dollies hold plates from 5.5in to 12.5in
- Polyethylene dividers and walls help prevent dish edge chipping
- Two-handed access to all plates reduces breakage
- Includes vinyl cover with easy-opening hook and loop side included for sanitary storage
- NSF listed

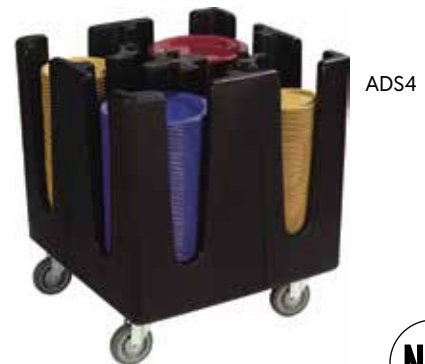

ADD4, ADD6 OPTIMIZER DOLLIES:

- Can hold trays, plates, and platters for increased flexibility
- ADD4 can hold five stacks of 9.88in to 11.25in plates; 25% more than any other similar dish dolly
- ADD6 can hold eight stacks of 5.5in to 8.25in plates; 33-50% more than any other similar dish dolly (up to 50 or more plates per stack, depending on plate profile)
- Use 2-4 dividers for 10in or larger plates; 6 dividers for 8in to 9.75in plates; 8 dividers for 8 stacks of 7.75in or smaller plates
- Use 2 dividers for 13.5in x 10.5in platters; 6 dividers for 9.5in x 7.25in to 12in x 9.25in platters.
- Non-marking casters (2 rigid 10" and 2 swivel locking)

ADS4 OPTIMIZER DOLLY FEATURES:

- A smaller size to fit through narrow corridors or under tables
- A flexible configuration to hold a variety of plates
- Features 4 swivel non-locking casters

COLDMASTER®

COLDMASTER = PEACE OF MIND

Coldmaster products are available in a variety of shapes and sizes from food pans to crocks to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster as it allows you to transport and keep food cold, without messy ice or electricity.

COLDMASTER PRODUCTS EXCEED HEALTH DEPARTMENT REQUIREMENTS

- With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

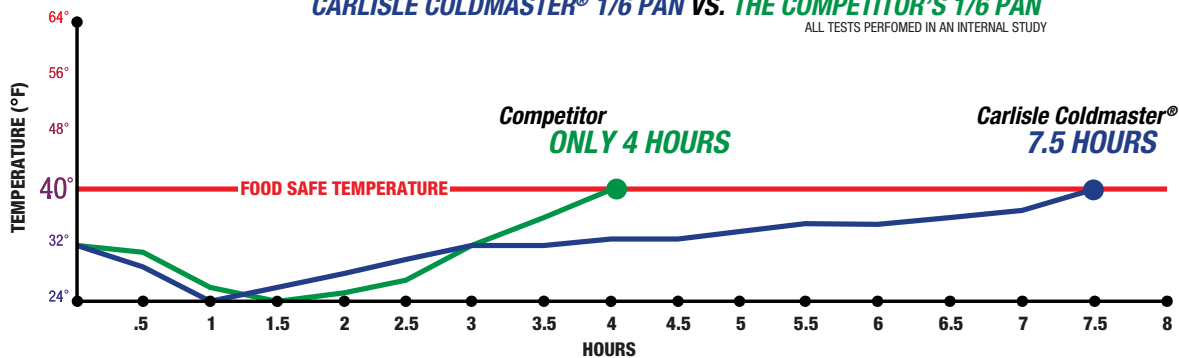

COLDMASTER PRODUCTS MEET FDA STANDARDS

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic
- Dishwasher safe

*ServSafe is a registered trademark of the National Restaurant Association.
 **Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperatures of 76°F.

COLD RETENTION TEST
CARLISLE COLDMASTER® 1/6 PAN VS. THE COMPETITOR'S 1/6 PAN
ALL TESTS PERFORMED IN AN INTERNAL STUDY

The Coldmaster Solution:

- High-impact ABS plastic holds up to foodservice use
- Exclusive refrigerant gel ensures high performance; non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day
- Extra insulation surrounds refrigerant gel for maximum cold retention
- Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

COLDMASTER® COOLCHECK™

- Patent-pending technology allows you to quickly see when temperatures are no longer safe
- Same great features as our standard Coldmaster products with the added element of color-changing technology
- Eliminates the guessing game behind food safety
- Unit holds food safely below 41°F for 6-8 hours*
- Reduces waste by "telling" workers when food temperature is safe
- Eliminates the mess and inconvenience of ice
- FDA approved
- Dishwasher safe; NSF listed

*Time will vary based on ambient room temperature

CM1107

FUNCTIONAL CONVENIENT INNOVATIVE **DISPOSABLES**

We offer a wide selection of disposable wares designed with your needs in mind. Whether you're looking for durable options for heavy-duty use, lightweight solutions for everyday convenience, or a biodegradable choice for optimal sustainability, we have a disposable to fit your need.

DISPOSABLE DISHWARE, TRAYS & LIDS

BAGASSE DISPOSABLE TRAY

- Natural sugar cane material is biodegradable and TUV compostable certified
- Designed for single-use meal delivery and ideal for times when dishwashing equipment is down
- Strong and durable enough to be used as stand-alone trays in meal delivery carts
- Molded channels reduce plate and glass slippage
- Recommended weight: 5 pounds

DXTR1418D

DISPOSABLE DISHWARE

- A cost-saving and efficient alternative to traditional dishware
- Wide variety of side pieces
- High-quality disposables
- Increase efficiency while reducing costs for washing and handling
- Has a variety of uses

EFFICIENT STURDY CONVENIENT

BAR SUPPLIES

Our bar supplies are specifically designed to streamline operations for bartenders and servers, making their tasks more efficient and seamless. Our products help you work smarter and faster, reducing downtime and boosting productivity. With everything from garnish centers and speed rails to safe ice handling and more, our supplies allow you to maintain an organized, well-equipped bar. By optimizing your workflow, you can focus on what truly matters—delivering exceptional service and enhancing the customer experience.

BAR SUPPLIES

MAXIMIZER™ PORTABLE BAR

- Maximizer offers all the style and features you expect in a premium bar at a very affordable price
- Large 56in serving area keeps condiment caddies within reach without blocking prep area
- Durable, solidly-molded countertop is easy to clean and includes a convenient, molded-in, bar mat well
- Sturdy, 5in, non-marking swivel casters with locking brake on each end hold the bar securely in place during use
- 15-gallon ice bin features an integrated drain and water trap
- Ice bin includes a standard dust cover for sanitary storage and transport
- Fully assembled, no tools necessary

SAFE ICE HANDLING

ORIGINAL & SHORTY™ SAF-T-ICE® TOTE

- Dedicated container for safe ice transport
- Use Original Saf-T-Ice Tote for high capacity carrying and manual cleaning
- Use Shorty Saf-T-Ice Totes for dish machine washing and smaller ice load capacity
- HACCP Hanger™ reduces back strain and injuries and attaches to ice machines for faster, more efficient filling of ice totes
- Tri-grip design for easier, more controlled handling
- Recessed bottom handle keeps the handles from touching the floor
- Non-stackable design to avoid cross contamination from the floor into the inside of the unit

SI6100

SI6000

SICART60

SAF-T-ICE® CART

- Cart transport system for use with up to two Saf-T-Ice Totes
- Helps avoid costly work injuries; doubles productivity
- Folds for easy storage

LIGHT DUTY ICE TOTE

- Economical, easy, and safe way to transport ice
- Attaches to ice bin for faster and easier filling
- Dual-grip design provides secure handling options for improved ergonomics

SAFE ICE HANDLING

SAF-T-ICE® SCOOP CADDIES

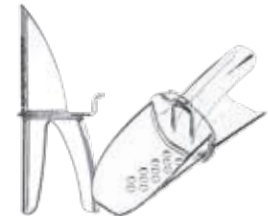

- Keeps your scoop safe from bacteria, dirt, and ice burial
- Wide opening accommodates commercial ice scoops up to 86oz
- Self-closing, hinged lid allows convenient, one-handed access to the scoop
- Crowned bottom channels water away from the ice scoop when stored
- Caddy can be easily installed and removed for cleaning with included self-adhesive tape or screws
- Quickly unmounts for efficient cleaning and sanitizing

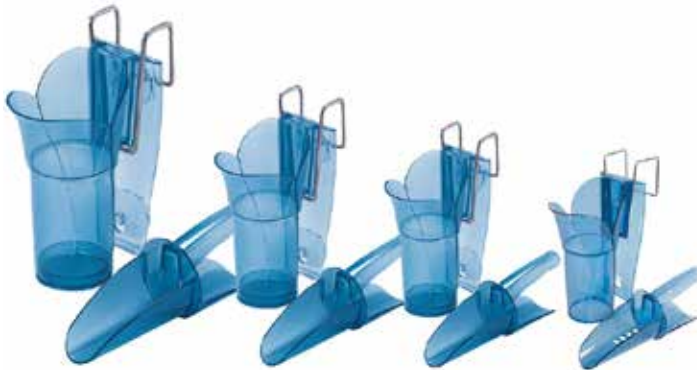

SI2000

SAF-T-ICE® SCOOPS & GUARDIANS

- Protects ice from contact with knuckles and thumbs
- Domed scoop shape is designed for faster and safer ice serving
- Guardian holder provides dedicated safe and sanitary storage for Saf-T-Scoop when not in use
- Helps reduce health department violations by providing easy scoop storage and preventing them from being left in the ice
- Scoops have an ergonomically angled handle that provides outstanding balance and comfort

COMPARTMENT TRAYS

Our 6-compartment trays are designed to hold government "Type A" lunches and offer a cost-effective solution for portion control. Available in a variety of materials and in left-hand, right-hand, and omnidirectional configurations, there's a tray to suit any need.

- Melamine trays are heavy and rigid, as well as scratch- and break-resistant. They dry quickly and are highly resistant to chemicals and food acids, handling temperatures from 0° to 212°F.
- Polycarbonate trays come with a five-year warranty against breakage, making them ideal for correctional facilities. They offer good scratch and chemical resistance, and can withstand temperatures ranging from -40° to 212°F.
- Polypropylene trays are an economical and durable choice, featuring good chemical resistance with a temperature range of 30° to 180°F.
- ABS trays are break- and scratch-resistant, making them excellent for general use, and are highly resistant to chemicals and food acids, with a temperature range of 0° to 180°F.

SERVICE TRAYS

GRIP TITE™ 2 TRAYS

- Griptite 2 trays' non-skid surface is designed to grip drinks and plates better than any existing tray
- The new surface prevents spills and is designed to look and feel like new for years
- Increased skid resistance helps bars and restaurants reduce falls and lower the cost of spilled food and drinks
- Additional coating on sides of tray reduces wear and tear due to drops
- Improved stain resistance keeps trays looking new longer
- Heavy-duty fiberglass construction eliminates warping and breakage
- Trays are stain- and odor-resistant
- 5-year limited warranty
- Dishwasher safe; NSF listed

SERVING TRAYS

GRIPLITE® TRAYS

- Economical alternative
- Made of a high-density polypropylene co-polymer
- Molded-in, rubber liner prevents slipping and sliding of glasses and dinnerware
- A more sanitary alternative to cork trays
- Stain- and odor-resistant
- Handwashing recommended

1100GL004

CORK TRAYS

- Durable plastic construction will not chip or dent
- Sturdy ABS is perfect for heavy-duty use and offers greater stability
- The cork surface is bonded to the tray and treated to reduce wear and increase durability
- Handwashing is recommended

301401

ROUND SERVING TRAYS

- 13in round tray has 1.42in deep rim to prevent spills
- Perfect for serving individual meals
- BPA free
- Safe for temperatures up to 212F
- NSF listed

130060

ROOM SERVICE TRAYS

- 15in x 20in handled room service trays give an upscale dining experience
- Low rimmed edge and non-skid surface keep tray top items in place
- Dishwasher safe; NSF listed

SERVING TRAYS & STANDS

TRAY STANDS

- Cross supports provide superior rigidity and strength
- Durable and easy to clean
- Available in 3 forms: steel, wood & plastic
- Capped legs on steel tray stands prevent slipping and marring of floors
- Extra tall steel tray stand (C3625T) reduces the need for bending and stooping and the additional height makes transferring heavy loads easier
- Plastic stands have sanitary, non-porous, and non-corrosive finish that is easy to clean with damp cloth

CATERING EQUIPMENT

Our line of catering equipment is the top choice for professionals when it comes to insulated transport. Our innovative solutions offer attractive, contemporary styling, extended hold times, and unique, battle-tested features that ensure superior value, making it the perfect solution for all your catering needs.

CATERING EQUIPMENT

CATERAIDE™ XT SERIES INSULATED BEVERAGE DISPENSER

- Made of rugged, stain- and scratch-resistant polyethylene
- Filled with extra-thick foam insulation for maximum temperature retention
- Stacks with itself and with other major competitors
- Smooth interior walls and rounded corners leave no food traps and provides quick clean-up
- Convex lid design prevents leaks during use as pressure increases
- Improved O-ring seal eliminates leaks during transport
- Easy-grip, formed handles for transporting
- Sure-Latch™ wide design has three times the latch area of other beverage servers
- Two large Nylex II™ latches have no sharp edges, won't rust, bend, or dent like metal
- Spring action faucet for dripless service
- NSF listed

CATERAIDE™ INSULATED END LOADER

- Individual track for each food pan
- PC300N End Loader holds five 2.5in deep pans
- PC600N has twice the capacity of the PC300N
- PC600N's separate compartments enable you to put hot food in one, cold in the other
- Use with CaterCooler to help keep foods at a safe temperature longer
- NSF listed

Use with DuraPans or StorPlus Food Pans shown on pages: 213-214; 220-221

PC300N

PC600N

CATERCOOLER™

- Freeze CaterCooler overnight or for eight hours to keep food at or below the guidelines of 40°F for up to eight hours without ice*
- Designed to slide into a Cateraide End Loader, Double End Loader, or place on top of food pans in a Top Loader
- Durable polyethylene shell

*Temperature retention is based on CaterCooler being pre-frozen for a minimum of eight hours, then placed directly into Cateraide pan carrier. Pan Carrier unit is then filled with pre-chilled food pans. Testing was conducted under ambient room temperature of 76°F.

FOOD SAFETY SOLUTIONS

Food safety is essential to any foodservice operation—not only for the well-being of your diners but also for the success of your business. Our comprehensive line of food safety solutions is designed to help your operation meet the highest food safety standards.

SAF-T-ICE® TOTE

INNOVATION FOR SAFER ICE

The fact is, ice is food. That means it's as susceptible to the same risks of cross-contamination as any other food, especially from contact with bare hands, dirty scoops, or contaminated containers.

Protect ice from dangerous contamination during transport with Saf-T-Ice® Totes. The dedicated ice totes feature an integrated comfort handle with raised Tri-Grips™ to prevent hand contamination and for easy and safe pouring at any level. Patented HACCP Hanger™ attaches to ice machines for faster and more efficient filling of ice totes.

FEATURES & BENEFITS

- Integrated comfort handle with raised Tri-Grips™ to prevent hand contamination and for easy and safe pouring at any level
- Patented HACCP Hanger™ attaches to ice machines for faster and more efficient filling of ice totes

Original Ice Tote
6-gallon (22.7 L) for high capacity

HACCP Hanger™
eases back strain by bringing the tote up to waist level while filling and raises tote off the ground to keep bottom surface clean

Shorty™ Ice Tote
5-gallon (18.9 L) size for lighter carrying & easier cleaning in dishwasher

Integrated Handi-Hook™
allows tote to be hung upside down for easy drying and sanitary storage

Optional Saf-T-Ice® Tote snap-tight lid
offers additional ice security and protection

SAFE ICE HANDLING

SAF-T-ICE® SCOOP CADDY

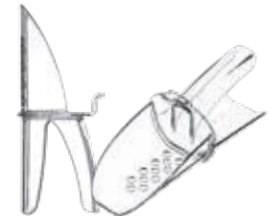

- Keeps your scoop safe from bacteria, dirt, and ice burial
- Wide opening accommodates commercial ice scoops up to 86oz
- Self-closing, hinged lid allows convenient, one-handed access to the scoop
- Crowned bottom channels water away from the ice scoop when stored
- Caddy can be easily installed and removed for cleaning with included self-adhesive tape or screws
- Quickly unmounts for efficient cleaning and sanitizing

SI2000

SAF-T-ICE® SCOOPS & GUARDIANS

- Protects ice from contact with knuckles and thumbs
- Domed scoop shape is designed for faster and safer ice serving
- Guardian holder provides dedicated safe and sanitary storage for Saf-T-Scoop when not in use
- Helps reduce health department violations by providing easy scoop storage and preventing them from being left in the ice
- Scoops have an ergonomically angled handle that provides outstanding balance and comfort

COLDMASTER®

COLDMASTER = PEACE OF MIND

Coldmaster products are available in a variety of shapes and sizes from food pans to crocks to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster as it allows you to transport and keep food cold, without messy ice or electricity.

COLDMASTER PRODUCTS EXCEED HEALTH DEPARTMENT REQUIREMENTS

With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

COLDMASTER PRODUCTS MEET FDA STANDARDS

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic
- Dishwasher safe

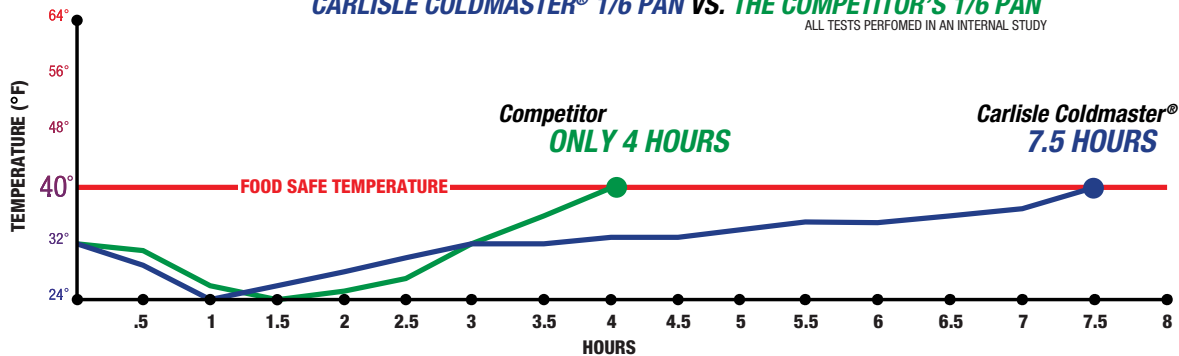

*ServSafe is a registered trademark of the National Restaurant Association.

**Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperature of 76°F.

COLD RETENTION TEST CARLISLE COLDMASTER® 1/6 PAN VS. THE COMPETITOR'S 1/6 PAN

ALL TESTS PERFORMED IN AN INTERNAL STUDY

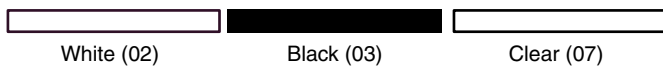

THE COLDMASTER SOLUTION:

- High-impact ABS plastic holds up to foodservice use
- Exclusive refrigerant gel ensures high performance; non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day
- Extra insulation surrounds refrigerant gel for maximum cold retention
- Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

For more details about our Coldmaster products, please see pages: 68-74

INNOVATIVE EFFICIENT COMPLETE **FOOD PREPARATION TOOLS**

Our comprehensive selection of food preparation tools is meticulously designed to keep your kitchen operating smoothly and safely. By streamlining workflows and minimizing waste, our tools not only help maintain exceptional food quality but also maximize your overall efficiency, allowing your team to focus on what they do best.

EZ-KLEEN® SAUCE BOTTLES

A BETTER FIRST-IN, FIRST-OUT SOLUTION

- The innovative "first-in, first-out" design promotes proper food rotation and minimizes waste.
- The smooth side walls of the bottles prevent sauce residue, making cleaning effortless and reducing the risk of bacterial contamination.
- Color-coded caps prevent cross contamination and make it easy to spot the different sauces at a glance.
- Interchangeable lids allow for secure storage of leftovers, facilitating quick prep and prioritizing the use of older sauces first.
- Designed to fit standard bottle organizers, the EZ-KLEEN® sauce bottle streamlines the prep line for a faster and more efficient service.

EZ-KLEEN® Sauce Bottles are available in 12-, 16-, 20-, and 24-ounce sizes with three valve options for thin-to-thick sauce dispensing:

- Green valve for thin sauces like balsamic vinegar
- Yellow valve for standard viscosity sauces like ketchup
- Blue valve for thicker condiments like mayonnaise

User-Friendly

Smooth, easy-to-clean side walls reduce bacteria build up

Easy To Use

Same-sized openings on both ends let users easily swap out the valve cap with solid caps

Leak-Resistant Valves

Leak-resistant valves are guided by gravity

Prevent Contamination

Use our color-coded caps to avoid cross-contamination in your kitchen

Quick Identification

Color-coded caps make it easy to identify different sauces during busy food prep

HOW TO ORDER A CUSTOM CUTTING BOARD

Step 1: Pick your thickness from choices above

Step 2: Pick your size - any size

Step 3: Call in your order to Customer Service 1.800.654.8210 or email us at customerservice@cfsbrands.com

Visit our online Custom Cutting Board Calculator:

<https://www.cfsbrands.com/wizard/custom-cutting-board-calculator>

Please Note: Special cuts, holes and patterns are available at an additional cost. All cuts are straight edge unless otherwise requested (additional cost). Complex cuts and large quantities (over 15) may take longer than 48 hours. .75in boards and 1in boards are only available in white.

CUTTING BOARDS

SAF-T-GRIP® BOARD MATE®

- Replaces unsanitary "wet towel" to keep non-grip boards from shifting and sliding
- Reduces knife accidents and injuries during prep
- Also keeps countertop appliances from slipping

SPARTA® BRUSHES

METEOR® PASTRY/BASTING BRUSHES

- Molded-into-the-handle hook hangs on lip of crocks and containers to prevent bristle burn, melt, or distortion
- Use hook to elevate bristles off of counter tops
- Soft flagged bristles are molded into handle to prevent bacteria-harboring air pockets
- Available with nylon bristles or double-boiled, bleached, sterilized, premium boar bristles

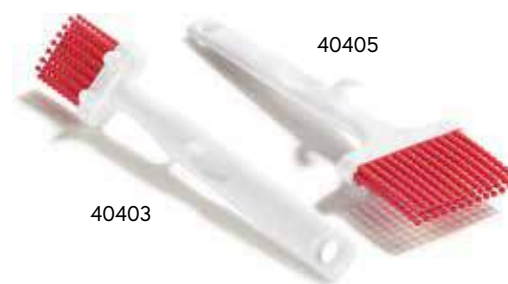

GALAXY™ PASTRY BRUSHES

- Bristles are epoxy-set to prevent bacteria-harboring air pockets
- One-piece plastic handles are easy to clean
- Available with soft, flagged, nylon bristles
- Select brushes also available with blue nylon bristles for added contrast when working with white frosting or other white foods

SILICONE BASTING BRUSHES

- Unique bristle design carries and spreads liquid better than ordinary silicone basting brushes
- Withstands temperatures up to 500°F
- Convenient molded-in hanging hook grabs pan edges to keep brush from sliding in
- Stain and odor resistant
- Dishwasher safe

EQUIPMENT CLEANING

HIGH TEMPERATURE BRUSHES

- High temperature brushes are made of stiff, Teflon (PTFE) bristles that withstand temperatures up to 500°F while plastic handles stay cool to the touch
- 40110 Fryer Brush is 28in long to reach tight, narrow spaces
- 40112 Looped Brush cleans fryer bottoms easily
- 40111 L-Tipped Fryer Brush cleans hot coils
- 40113 Utility Brush cleans hot vats, utensils, and other equipment
- 40114 has extra stiff bristles for cleaning waffle irons, griddles, and grills while still hot
- 40115 is a pastry-style brush designed for buttering and basting hot surfaces
- 40150 and 40152 are cool temperature fryer brushes that have the same shape as our high temp fryer brushes (40110 and 40111, respectively) but are used in cool cleaning

GRILL SCREENS & POLISHING PADS

- Apply with cooking oil to protect the grill, cure and remove excess cooked-on foods
- 40713 Grill Screen and 40711 Grill Polishing Pad attach to the 40712 Grill Pad Holder for a complete grill maintenance system
- 40710 Grill Brick is a fast, efficient, and sanitary way to clean hot or cold grills

OVEN & GRILL BRUSHES

Wire brushes and stainless-steel metal scrapers make quick and easy removal of heavy carbon deposits, rust, and burned-on food build up.

BROILER MASTER 40026 & 40290

- The best grill brush available and master of all grill cleaning tools
- Rust-proof bristles are embedded in a rugged, specially-treated, hardwood block for long-lasting cleaning power

40290

DOUBLE BROILER KING 40294

- Sturdy construction with two heads featuring carbon steel flat bristles on one side and carbon steel wire bristles on the other; bolted together on a heavy hardwood handle for very heavy use

40294

OVEN BRUSH 41520 & 40291

- Crimped brass wire bristles and a full-length stainless-steel scraper for cleaning high-temperature stack ovens

412520

OVEN BRUSH 40293

- Crimped brass wire bristles and a full-length aluminum scraper on a low-profile head for cleaning the narrow spaces inside pizza ovens

40293

OVEN BRUSH 45772

- Steel wire bristles and permanent 39in hardwood handle

45772

OVEN & GRILL BRUSH 363725

- Flat wire stainless steel bristles, oven scraper, and 30in handle

EQUIPMENT CLEANING

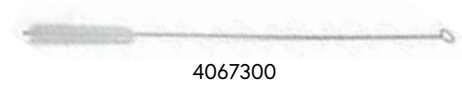

BUTCHER BLOCK BRUSHES

- Aggressive tempered-steel wire bristles scrape away contaminated layers of wooden butcher blocks and wooden cutting boards
- Wire brushes make quick and easy removal of heavy carbon deposits, rust, and burned-on food build up
- Wood block doesn't absorb heat

SPARTA COFFEE SERVICE BRUSHES

- Brushes are designed to clean all glass and Pyrex® pots and dispensers
- 40025 Coffee Decanter Brush is shaped like the inside of the most popular coffee decanters for quick and easy use
- Use 40673 Urn Brush for quick and easy cleanup of glass gauges on coffee urns
- 40154 Creamer Brush is designed for cleaning spouts and tubing on percolators, hot beverage servers, and creamers
- 40153 Curved Coffee Maker Brush is a semi-circular wire brush that contours to the inside of coffee pots

VEGETABLE CUTTER BRUSHES

- Vegetable Cutter Brush (40529) has 2.5in long, extra-stiff, nylon bristles to reach through the grid of stainless steel cutters
- Potato Brush (40412) has stiff polyester bristles for aggressive cleaning along with a unique "scraper edge" grip for removing hard to reach blemishes on potatoes and other firm vegetables
- Vegetable Brush (40164) has a loop construction with a straight handle and firm bristles

ERGONOMIC COMPLETE QUALITY **FOOD STORAGE SOLUTIONS**

From wet to dry, square to round, or something in between, our comprehensive range of food storage containers offers the perfect solution for all your needs. Durable and ergonomic, they help keep food organized, fresh, and safe. With features like distinct color-coding and easy-clean surfaces, our containers are built to safely store, handle, and transport food, reducing waste and food safety risks. You can count on us to help you optimize efficiency while maintaining exceptional food quality.

STORPLUS™ FOOD PANS

StorPlus™ is perfect for holding food in cold applications including buffets, cold wells, service line applications, and fridge/freezer storage.

FOOD PANS

- Smooth interior makes clean-up easy
- Reinforced corners prevent chips and cracks, and stand up to drops and daily use
- Spoonable bottoms allow easy removal of contents and reduction of food waste
- Polycarbonate containers can withstand temperatures from -40°F to 212°F
- High-heat pans excel in high temperature applications and are BPA free/-40°F to 375°F
- Compatible with Carlisle StorPlus™ Universal Lids, Smart Lids, Drain Grates and EZ Access Lids
- Textured non-slip finish on corners, sides, bottom, and lid reduces scratches
- Molded-in capacity indicators are listed in both quarts and liters
- Dishwasher safe; NSF listed

EZ ACCESS LIDS

- 50% to 60% larger opening improves hand and utensil access; reduces foodwaste
- Snug lid stays in place during routine opening; never flips off
- Clean design eliminates dangerous food traps found on other hinged lid designs
- The perfect solution for salad, cucumbers, buffets, prep stations, and more
- One-third sizes available with double notch for multiple portioning options
- Double-hinged design handles the abuse of the most demanding foodservice applications
- Dishwasher safe; NSF listed

UNIVERSAL FOOD PAN LIDS

- Fit Carlisle StorPlus™ Food Pans as well as other major brands on the market
- Feature a hanging hole for easy storage
- Fit both Gastronorm and standard size food pans
- Lids stack with themselves for easy storage
- Available in polycarbonate or high heat material
- Dishwasher safe; NSF listed

STORPLUS™ FOOD PANS

SMART LIDS™

- Unique inside seal design provides superior leak-resistance and keeps your foods fresher, longer
- Perfect for transporting foods to off-site locations
- Smart Lids combined with StorPlus™ Food Pans fit inside Cateraide Top Loaders and End Loaders/shown on pages 143-146
- Polyethylene material is dishwasher safe; for use in -40°F to 180°F
- Designed exclusively to fit StorPlus™ Food Pans

Smart Lid's unique inside seal design provides superior leak-resistance; protects against spills.

Universal Lid, Recessed Handle

Offers a secure grip. Notched lids allow easy access with serving spoons. Rim around notch helps prevent contamination from spills.

Rim Around Top Of Lid

Helps stabilize stacked food pans.

Reinforced Corners

Gives extra support and increased strength to resist breakage and warping of food pan rims.

Textured Bottom and Lid

Reduces scratches. Clear sides allow for easy viewing of contents.

Capacity Indicators

Sides of Food Pan are marked in both liter and quart capacities. Pan capacity/set for flush fill and portion counts are molded-in to exterior of food pan bottom for easy portion control.

Spoonable Bottom

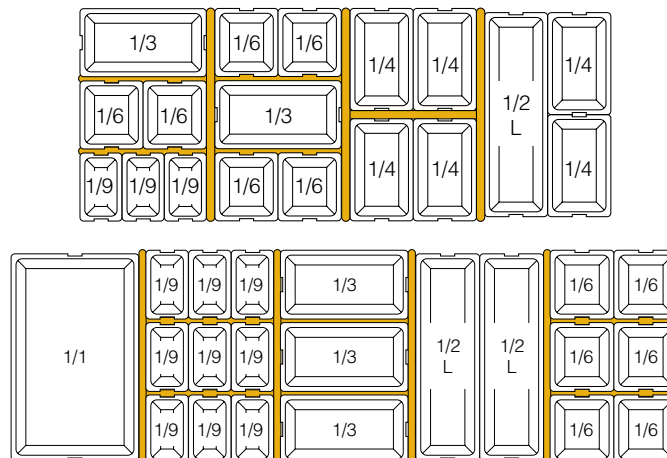

Adds structural rigidity and allows easy access to contents to eliminate food waste.

Drain Shelves

Sturdy feet support contents and allow room for easy drainage.

STORPLUS™ PERMALABEL™ FOOD PANS

Innovative, molded-in food rotation labels make food labeling, storing, and serving a simpler and safer process. The universal date labels are molded directly into the pans, offering a larger writing space that's easily updated with a grease pen or dry erase marker, and includes bilingual indicators like use-by date, shelf life, and days of the week.

- Easily capture critical information for health code compliance - in English and Spanish
- Larger, easy-to-read fields assist in HACCP compliance and make food labeling simple
- Spend less time purchasing and applying stickers and removing bacteria-attracting adhesive build up
- Labels molded into the polycarbonate pans last the life of the pans, which have a 1-year manufacturer's warranty

MODPANS™ - POLYPROPYLENE FOOD PANS

These versatile and reusable pans are perfect for measuring, storing, sealing, and microwaving food. The friction-fit lid snaps securely to preserve food longer. Made from stain-, odor-, and crack-resistant transparent polypropylene, these dishwasher-safe pans feature molded-in capacity guides for quick portioning and nest easily with a vacuum-resistant design for convenient storage.

- Versatile, multi-use design helps to reduce cross-contamination and preserve food freshness
- Lids snap on securely, enabling efficient stacking and storage and eliminating the need for messy plastic wrap or aluminum foil
- Fits in standard make/prep tables and can go directly from refrigerator to table
- Durable polypropylene is transparent for easy identification of contents

STAINLESS STEEL FOOD PANS & LIDS

Food pans are an essential tool for storing, preparing, and serving food. Our full product range provides a wide selection of food pans to fit any need.

Full Shoulders

Prevent jamming during storage and provide added strength for longer life.

Spoonable Bottoms

Add structural rigidity; allows easy access to food and makes clean up easier.

Recessed Handles

Large, recessed handles offer a secure grip. Notched lids allow easy access with serving spoons.

Double Reinforced Corners

With unique impact resistant edge design holds shape even under the toughest conditions.

DURAPAN™ FOOD PANS

- Double-reinforced corners and an impact-resistant edge design ensure pans hold their shape and avoid jamming during storage
- Tapered design fits standard food pan templates and stacks or nests with most leading brands
- Made from versatile 18-8 stainless-steel
- Pans transition easily from freezer to oven to serving line, making them perfect for cook-chill operations.

DURAPAN™ COVERS

- Made of light gauge 18-8 stainless-steel
- Available in solid or slotted styles
- Recessed handles offer a secure grip
- Notched lids allow easy access for serving spoons
- DuraPan's impact resistant edge maintains shape better and lays flat, providing a tight seal for better temperature retention in steam tables

STORPLUS™ STORAGE BOXES

StorPlus™ color-coded storage boxes help employees easily identify contents, helping reduce cross-contamination.

10611

BENEFITS OF STORPLUS™ COLOR-CODED STORAGE BOXES

- Prevent cross-contamination and help meet standards as part of a complete HACCP Program
- RimGlow™ technology gives the boxes and lids a distinct, yet transparent color to segregate them by usage

STORPLUS COLOR-CODED STORAGE BOXES & LIDS

- Reinforced top and bottom corners on both box and lid help prevent chipping and cracking
- Quart, gallon, and liter capacity indicators on 12in x 18in box
- StorPlus™ boxes stack easily for efficient storage, fit standard carts and racks, and with other boxes on the market
- Smooth interior surface makes cleaning easy
- Lock-Tight lids can be reversed and used as bun pan or tray
- Polycarbonate boxes provide easy visibility, superior resistance to food acids and oils, and withstand temperatures from -40°F to 212°F
- Boxes double as dough proofing, bus boxes, warewashing tubs for kitchen overflow, or remote locations
- 18in x 26in colander is ideal for storing, draining, thawing, and marinating foods; keeps lettuce crisp, thaws and drains fish on ice, marinates chicken, etc.
- Polyethylene boxes offer economical storage and transport and withstand temperatures from -40°F to 180°F
- Dishwasher safe; NSF listed

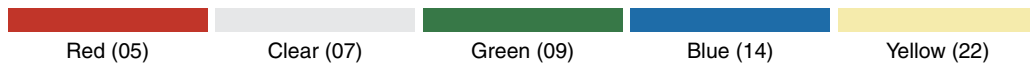

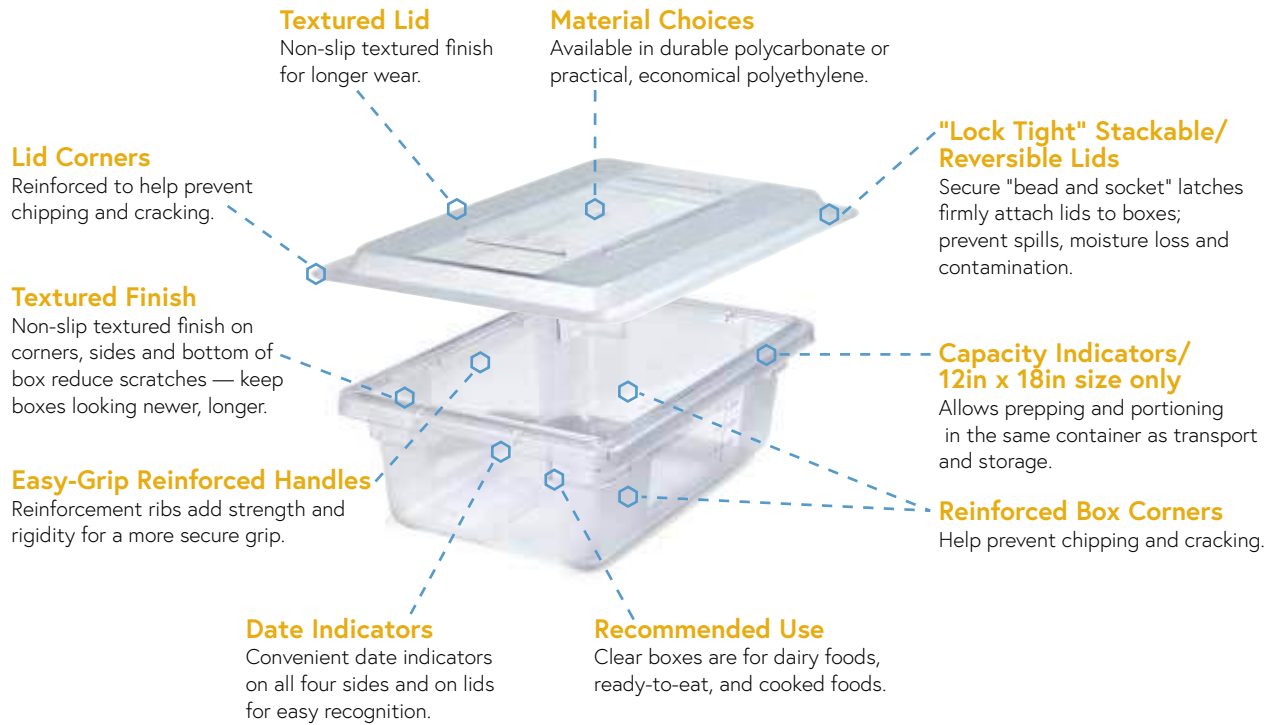

SERVSAFE® RECOMMENDED STACKING ORDER:

- Cooked/Dry Foods & Dairy
- Fruits/Vegetables
- Meats
- Fish/Seafood
- Poultry

CARLISLE SQUARES™ FOOD STORAGE CONTAINERS

Carlisle Squares™ storage containers are clear and have tight fitting lids to improve organization and minimize the risk of cross contamination.

SQUARE FOOD STORAGE CONTAINERS

- Perfect for storing condiments, spices, toppings, or other preparation items
- Stacking lugs add rigidity and eliminate jamming
- Stackable with other popular brands; compatible lids fit competitors' food storage containers
- Wide handles and drain holes available on all sizes for easy-grip and quick drying
- Writing surface available to record dates and reduce food waste
- Color-coded, textured snap-on lids fit both the polycarbonate and polyethylene containers
- Smooth interior finish with spoonable bottom helps prevent food waste and makes clean-up easy
- Clear polycarbonate containers provide exceptional durability and can withstand temperatures from -40°F to 212°F
- Economical white polyethylene containers withstand temperatures from -40°F to 180°F
- Dishwasher safe; NSF listed

STORPLUS™ ECONOMICAL SPACE SAVERS

These containers feature molded-in volume graduations to indicate capacity and offer an economical alternative for food storage. Their angular, space-saving design and flat-top lids allow them to stack closely, optimizing storage in freezers, coolers, or shelves. Made from durable polyethylene, these pans can withstand a wide range of temperatures for maximum versatility.

- Practical and economical to provide a clean, safe alternative to storing food in shipping cartons
- Locking seal lids keep contents securely inside and environmental contaminants out
- Capacity indicators allow a quick measuring of contents in designated increments
- Dishwasher safe; NSF listed

COLDMASTER®

COLDMASTER = PEACE OF MIND

- Coldmaster products are available in a variety of shapes and sizes from food pans to crocks to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster as it allows you to transport and keep food cold, without messy ice or electricity.

COLDMASTER PRODUCTS EXCEED HEALTH DEPARTMENT REQUIREMENTS

- With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

COLDMASTER PRODUCTS MEET FDA STANDARDS

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic
- Dishwasher safe

*ServSafe is a registered trademark of the National Restaurant Association.

**Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperature of 76°F.

The Coldmaster Solution:

- High-impact ABS plastic holds up to foodservice use
- Exclusive refrigerant gel ensures high performance; non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day
- Extra insulation surrounds refrigerant gel for maximum cold retention
- Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

For more details about our Coldmaster products, please see pages: 68-74.

CHEMICAL PROTECTION

LATEX FLOCK LINED GLOVES

- Waterproof latex gloves provide everyday protection for a variety of uses in food processing, dishwashing, janitorial, research laboratory environments, and more
- Embossed to provide an exceptional grip when handling wet and slippery objects
- Cotton-flocked inner-lining provides comfort and makes it easy to get on and off
- FDA compliant (21CFR, 170-199)
- 18 mil

620-L

POT & SINK GLOVES

- Waterproof PVC exterior is chemical-, oil-, and heat-resistant
- Inner cotton lining adds exceptional comfort
- Textured grip ensures reliable handling even after hours of continual use
- Temperature protection: up to 185°F

CUT PROTECTION GLOVES

CUT RESISTANT GLOVES WITH SPECTRA®

- 1-gauge Spectra® fibers provide ANSI Level A7 cut protection during food prep tasks
- Lightweight knitted construction gives the gloves maximum flexibility and dexterity not found in metal-mesh or other knitted gloves
- Gloves come in easily identifiable colors to support your HACCP program and reduce cross-contamination risks
- Ambidextrous design accommodates both left- and right-hand use
- Stands up to repeated machine washing, making them ideal for daily use
- Meets OSHA standard (29 CFR) 1910.132 - tested in accordance with ASTM Spec 177.20
- Made in the USA

CUT PROTECTION GLOVES

D-FLEX CUT RESISTANT GLOVES

- 10-gauge seamless Dyneema® wrapped around a stainless-steel core provides ANSI Level A4 cut protection, making them ideal for general food prep tasks
- Lightweight knitted construction gives the glove superior flexibility and dexterity not found in metal-mesh or other knitted gloves
- Ambidextrous design accommodates both left- and right-hand use
- Stands up to repeated machine washing, making them ideal for daily use

DFG1000

STAINLESS-STEEL MESH CUT-RESISTANT GLOVE

- Non-corrosive, easy to clean, stainless-steel mesh provides maximum protection
- Adjustable antimicrobial wrist strap ensures a secure fit
- Great for deboning and chopping with sharp knives
- Ambidextrous design accommodates both left- and right-hand use

MGA515

OYSTER SHUCKING GLOVE

- Glove is liquid-proof and features an inner cotton lining for comfort
- Natural rubber exterior is easy to clean
- The heavy-duty latex coating on palm provides an excellent wet or dry grip

EZ-MATS

- Safe and comfortable light-duty standing mats are grease-resistant and designed to reduce employee fatigue in kitchen, bar, wait stations, coolers, and dry storage areas
- Engineered with drainage holes for excellent drainage and to promote a dry work area
- Beveled edges provide a safe way for carts and reduces jamming
- Stain-resistant and easy to clean mats allow water and dirt to drain through holes

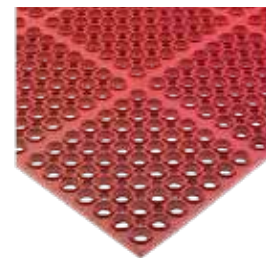

KM1100B

KM1140B

TUF-MATS

- Medium-duty rubber mats are designed for maximum support and durability in high traffic areas
- Circular pattern allows for quick drainage and easy clean-up
- High grade rubber resists wear and provides excellent traction
- Available in grease-proof red and grease-resistant black
- Stain-resistant and easy to clean mats allow water and dirt to drain through holes

KM2200B

ANTI-FATIGUE TUF-MAT

- Provides anti-fatigue foot support in dry areas to keep employees safe and energized
- Textured surface provides traction to reduce floor hazards
- Lightweight sponge vinyl construction allows mats to be easily moved around
- Customizable station mats and runner options can be cut to fit
- Can easily be brushed off with a broom or vacuumed

WAREWASHING PRODUCTS

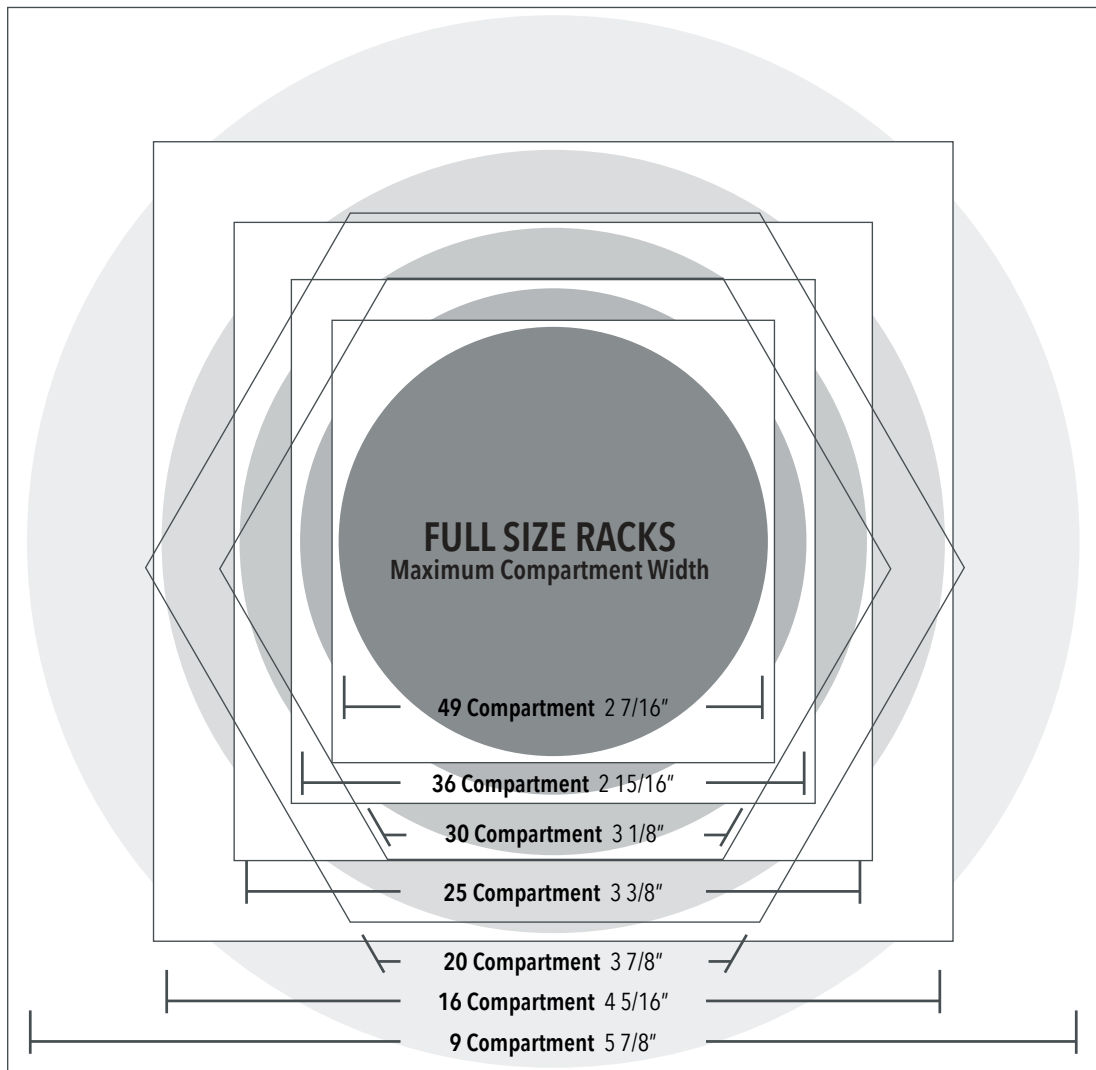

We provide a comprehensive selection of racks, baskets, and accessories for efficient warewashing operations. The OptiClean™ line sets the industry standard for delivering spotless wares and, when combined with our complete range of color-coded rack extenders, offers the ideal solution for sorting and managing your dishware with ease.

GLASS RACK SIZING GUIDE

INSTRUCTIONS TO DETERMINE PROPER COMPARTMENT SIZE:

1. Place glass upside down on top of the middle circle of the sizing guide; center of the glass (or the stem on stemware) should be over the center of the guide.
2. Look down on the base of the glass. Note the smallest square that the largest diameter of the glass fits within. This will determine the number of compartments.
3. To determine height of rack, place glass on side. Align the base of the glass at 0in on the vertical ruler guide on the left-hand side of the page.
4. Note where the lip of the glass lines up against the measurements. Use this measurement for the table on the next page.
5. Our unique OptiClean Warewashing rack system allows you to build the perfect rack for any application. Glasses with a maximum height exceeding 10 1/2in will need more than five extenders. Custom racks requiring more than five extenders are available for order by contacting a CFS Brands customer service representative. Each extender adds approximately 1 1/2in of additional height to the inside compartment of the rack. For glasses with a maximum diameter exceeding 6in, We recommend using the RTP peg rack. The RTP peg rack can be custom ordered to accommodate any glass height.
6. Please contact your CFS Brands representative to place your order, or for more information about building the ideal rack for your needs.

GLASS RACK SIZING GUIDE

OPTICLEAN™ RACKS

OptiClean Racks are designed for optimal performance and efficiency. Their durable honeycomb structure provides exceptional strength while their open wall design allows for superior water and soap flow. To find the OptiClean rack that best fits your needs, please consult the tables on pages 255-258 and follow these instructions:

1. Determine whether you want all one color (Section 1) or a color-coded glass rack (Section 2).
2. Utilize the measurements from "Instructions to Determine Proper Compartment Size" or the dimensions (height and diameter) of your glassware.
3. Locate the corresponding height in the left column of the table.
4. Find the corresponding diameter in the top row of the table.
5. Find the cell where the height and diameter intersect.
6. If the cell contains a single product number, that's the rack you should order.
7. If the cell contains two product numbers joined by a plus sign, you'll need to order both products to accommodate your glassware.
8. If any product number is prefaced by a number in parentheses, that indicates the quantity needed. For example, if the intersecting cell shows "RG4914 + (2x) RE4914," it means you should order one unit of product RG4914 and two units of product RE4914.

REXXC89	Lavender Extender

NeWave Extenders

XX corresponds to the compartment size (i.e., a yellow 20-compartment extender would be REW20SC04)

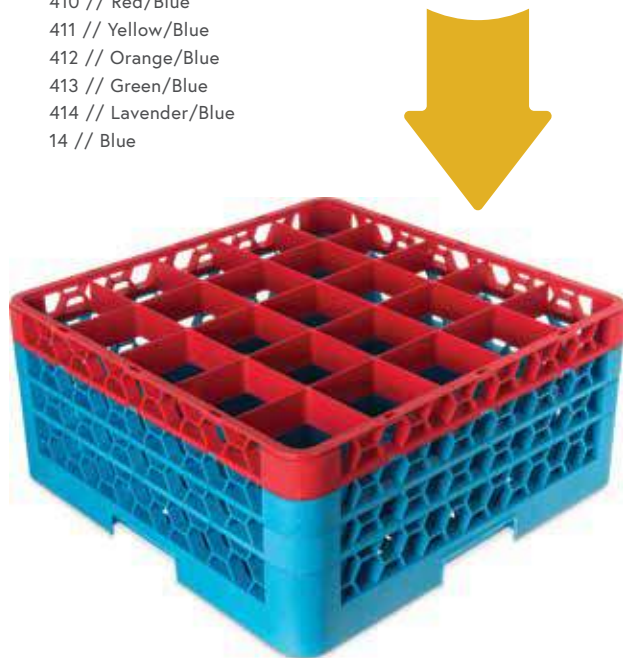

Prod No	Description
REWXXS14	Blue Extender
REWXXSC05	Red Extender
REWXXSC04	Yellow Extender
REWXXSC24	Orange Extender
REWXXSC09	Green Extender
REWXXSC89	Lavender Extender

HOW TO CREATE THE CORRECT WASHRACK ITEM NUMBER

- 1 Each item begins with an R for rack
- 2 Second digit indicates type
 G // Glass
 W // NeWave
 C // Cup
 P // Peg/Plate*
 B // Bowl*
 F // Flatware*
 SP // Sheet Pan*
 FP // Food Pan*
 PC // Plate Cover*
 TP // Tall Peg*
 OP // Open Peg*
- 3 Glass, NeWave (only 20 or 30) & Cup (only 16 or 20) racks have additional digits beginning with number of compartments
 9 // Nine Compartment
 16 // Sixteen Compartment
 20 // Twenty Compartment
 25 // Twenty-five Compartment
 30 // Thirty Compartment
 36 // Thirty-six Compartment
 49 // Forty-nine Compartment
- 4 To add extenders, add a dash and the # of extenders*
 -1 // One Extender
 -2 // Two Extenders
 -3 // Three Extenders
 -4 // Four Extenders
 -5 // Five Extenders
- 5 If you want color-coded extenders, add a C — Otherwise, skip this step
 410 // Red/Blue
 411 // Yellow/Blue
 412 // Orange/Blue
 413 // Green/Blue
 414 // Lavender/Blue
 14 // Blue
- 7 This order is for a glass rack with 25 compartments, 3 extenders and the top extender is red.
 RG25-3C410

*Skip to Step Six
 Only available in Blue(14)

* RW racks have a standard integrated extender, therefore an additional extender for each line listed above e.g. RW20-1 includes two extenders.

Extender Heights

No Extender	3 $\frac{1}{8}$ in
1 Extender	4 $\frac{5}{8}$ in
2 Extenders	6 $\frac{1}{8}$ in
3 Extenders	7 $\frac{5}{8}$ in
4 Extenders	9 $\frac{1}{8}$ in
5 Extenders	10 $\frac{5}{8}$ in

Extenders are available in multiple colors including Blue(14), Yellow(04), Red(05), Green(09), Orange(24), Lavender(89)

OPTICLEAN™ DISH RACKS

OptiClean™ dish racks offer the safest and most sanitary cleaning choices for everything from the most fragile tableware to heavy-duty kitchen items such as utensils and cutlery. These racks are NSF listed and offer sturdy double wall construction and Comfort Curve™ handles molded into all four sides.

PEG RACKS

- Holds plates, trays, and platters at the best angle to take full advantage of today's multiple spray, high-pressure dishwashers
- Plate locks hold dishes firmly in place to protect delicate rims, reduce chipping and breakage
- Use with additional open extenders (RE) to create the perfect rack for irregular or oversize drinkware
- NSF listed

TALL PEG PLATE & TRAY RACK

- Extra tall 2.94in pegs are ideal for charger plates, pasta bowls, large platters, and trays

OPEN END PEG RACK

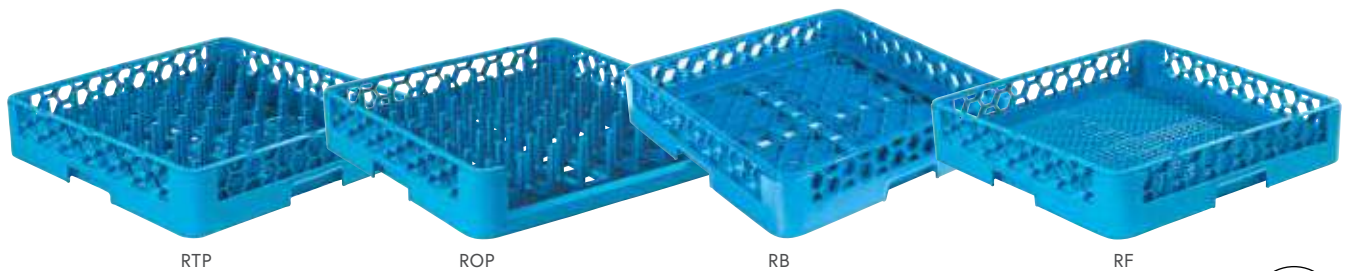

- Tall 2.94in pegs with open-ended design hold all types of trays, standard-size baking sheets, and other long items

OPEN/BOWL RACK

- Sturdy open-bottom rack is ideal for all large bowls, containers, brushes, cookware, and cutlery

COMBINATION/FLATWARE RACK

- Bottom grid allows for free flow of water and air
- Keeps flatware in place for thorough washing and drying
- Perfect for ramekins and other small items
- NSF listed

CLEAN-IN-PLACE HOOK BRUSHES

- Sparta® Spectrum® CIP (clean-in-place) brushes are ideal for cleaning curved drains, tubes, pipes, and equipment
- Polyester bristles are twisted into galvanized wire
- Hook shape brush designed for cleaning pipes in place
- Base resins used to produce FDA approved bristles
- BPA free

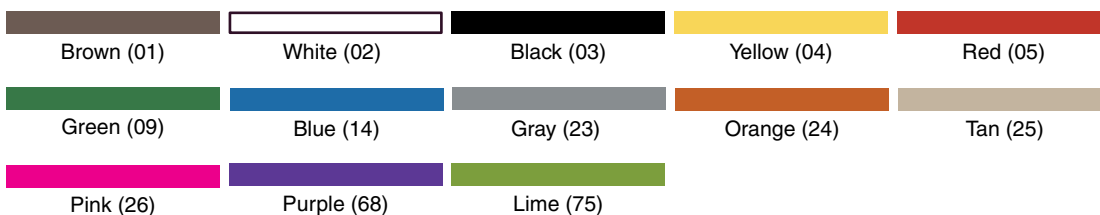

41100EC

RADIATOR STYLE BRUSHES

- Radiator style – effectively cleans between equipment and countertops, refrigerator coils, conveyor belts, and other hard-to-reach places
- Polyester bristles – maintains shape for prolonged bristle vitality life and superior scrubbing
- Foam-injected block – provides additional durability for long-term use
- Nonabsorbent - bristles are resistant to oils or moisture
- Color-coded program – aligns with HACCP practices and promotes an integrated color-coded sanitary maintenance system

BRISTLE MATERIAL GUIDE - SYNTHETIC BRISTLES

Synthetic Corn

Excellent chemical resistance. X-shaped bristle allows for superior sweeping on carpeting and entry mats. Ability to sweep liquids and dry debris. Superior longevity versus natural corn. Sustains temperatures up to 225°F.

Synthetic Palmyra

An ideal substitute with all the inherent properties of natural Palmyra. Bristle material has superior chemical resistance to acids, oil, fungus, and bacteria growth and withstands temperatures up to 225°F. A superior alternative that exceeds natural bristle performance.

Nylon

Excellent abrasion resistance, shear/break strength, and bristle bend recovery. Very good chemical resistance and sustains temperatures up to 350°F. Best choice for abrasive, rough use.

Nylon Grit

Nylon filament with silicone carbide in each bristle, designed for use in general light scrubbing to heavy-duty scrubbing and stripping. Nylon grit cleans floors faster and reaches into grout lines for thorough cleaning.

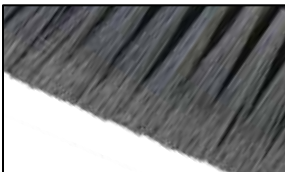

Aggressive Nylon Grit

An extra aggressive nylon filament bristle material with silicon carbide grit for scrubbing heavily soiled floor surfaces.

Polyester

Excellent chemical resistance, ultra violet light resistance, and bristle bend recovery. Very good abrasion resistance, and tear/break strength. Sustains temperatures up to 125°F. Best choice for all around use and for extreme exposure to cleaning chemicals.

Polypropylene

Excellent chemical resistance to acids, oils, fungus, and bacteria growth. Good abrasion resistance and shear/break strength. Sustains temperatures up to 225°F. Best choice as an economical synthetic foodservice alternative to natural fibers.

Flagged Polystyrene

A specially-treated type of polystyrene that has excellent bristle bend recovery and tear/break strength. Very good chemical resistance and fine bristle tip design resists matting for use up to 180°F. Best choice for floor sweeps and brooms.

Polystyrene

Has excellent bristle bend recovery and tear/break strength. Very good chemical resistance for general use up to 180°F. Best choice for floor sweeps and brooms.

Teflon®

Excellent heat resistance, abrasion resistance, and shear/break strength. Very good chemical resistance and bristle bend recovery. Sustains temperatures up to 500°F. Best choice for high heat uses.

Teflon® is a registered trademark of E.I. DuPont de Nemours & Co., Inc.
All plastic blocks and plastic bristles are made of FDA approved base resins.

cfsbrands.com | 800.654.8210 | See our online catalog for technical specifications.

BRISTLE MATERIAL GUIDE - NATURAL BRISTLES

Horsehair

A natural pointed tip, good shear/break resistance, and soft cleaning properties. Good durability and excellent blending properties make this an ideal choice for interior floor sweeps when blended with other fibers.

Boar Bristle

Bleached and sterilized bristles can withstand temperatures of up to 500°F. Double boiling process ensures integrity of bristles over long life. Natural taper and split ends of boar bristle make this one of the best choices for high heat basting.

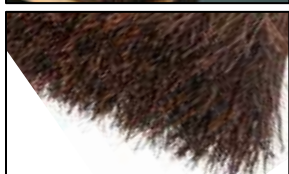

Bassine Fiber

Natural stiff and coarse fibers from India palms is a classic choice for heavy floor cleaning.

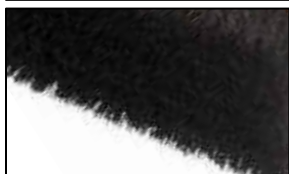

Bass Fiber

Natural African Bass Fiber is coarse, stiff, and provides good flexibility for use in upright floor sweeps and as a blend with other fibers for other applications.

Palmyra

Natural medium stiff fibers from India palms is an excellent choice for general floor sweeps. Provides good durability and bristle recovery.

Tampico

Natural Tampico fiber from the Mexican agave plant is a soft to medium soft bristle with very good durability. Good choice for finer floor sweeps and general cleaning scrub brushes.

Stainless Steel Wire

Rust proof, excellent chemical resistance, excellent bend recovery, and provides a high degree of abrasion and wear resistance. Best foodservice choice for aggressive cleaning on grills and other heavily soiled foodservice equipment.

Carbon Steel Wire

Provides a high degree of abrasion and wear resistance. Good bend recovery. Best choice for aggressive cleaning on grills and other heavily soiled equipment.

Brass Wire

Rust resistant, provides a high degree of abrasion but is softer than stainless steel or carbon steel to prevent equipment damage. For use on ovens, griddles, and other metal equipment that is heavily soiled but cannot sustain heavy scratches.

UTILITY AND EQUIPMENT BRUSHES

COUNTERTOP & RADIATOR BRUSHES

- Wide variety of bristle and handle choices
- 36211's flagged bristles are ideal for cleaning up fine particles and dust
- 45411 cleans counter tops, between equipment and counter tops and refrigerated cooling coils, and features a blend of polypropylene and natural, horsehair bristles for excellent durability and enhanced cleaning properties
- Natural Tampico bristles make 36259 a great choice for sweeping finer particles

DUSTERS & CLEANING CLOTHS

DUSTERS

- Soft bristles ensure effective dusting in hard-to-reach areas
- Ideal for delicate surfaces and detailed dusting
- 363404 features soft bristles for wall and ceiling dusting
- 45733 and 363156 duster have static active 100% lambswool; lambswool is electrostatically charged to attract lint and dust particles

MICROFIBER CLEANING/ POLISHING CLOTH

- Versatile microfiber cloths for efficient, everyday cleaning and polishing
- 36333 is great for mirrors, windows, and metallic surfaces
- 36334 is great for general cleaning

SPARTA® SPECTRUM® SANITARY MALLET

- Polypropylene construction washes clean, dries quickly
- Ideal for the toughest kitchen and plant jobs
- Handle is threaded for secure fit and removable for cleaning
- BPA free
- Recyclable 5

DURABLE INNOVATIVE VERSATILE **FLOOR CARE**

We provide durable, innovative solutions to maintain clean floors and a healthy environment with our comprehensive line of brushes, brooms, and mopping supplies. Designed for efficiency, our tools are long-lasting, ergonomic, and easy to store, helping keep your organization clean, safe, and sanitary. Explore our wide variety of options for every floor cleaning need.

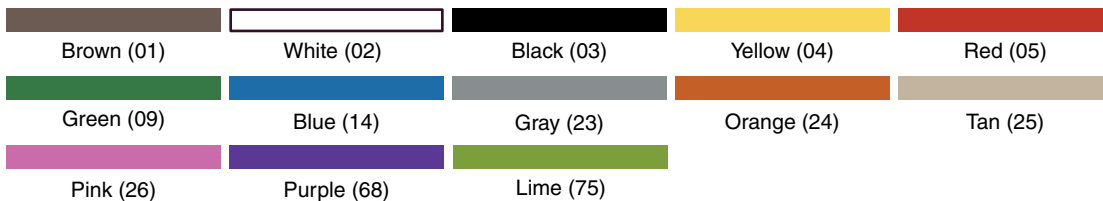

UPRIGHT BROOMS

DUO-SWEEP® ANGLED BROOMS

- Angled head reaches into corners, along walls, into small areas between appliances, and into other hard-to-reach areas
- Flagged brooms have frayed ends to catch fine dust and debris for a deeper clean and are great for use on smooth surfaces
- Unflagged brooms are great for larger debris and rough surfaces
- Unflagged bristles prevent ends from matting, making this style perfect for back-of-house and outdoor applications
- Block made with tough and durable material that resists cracking, splitting, and chipping
- Standard color (00) angle brooms have two handle holes: one angled, one upright
- Color-coded options support an internal HACCP sanitary maintenance system
- Color-coded angle brooms have one handle hole making them more hygienic and HACCP compliant

BRISTLE MATERIAL GUIDE - SYNTHETIC BRISTLES

Synthetic Corn

Excellent chemical resistance. X-shaped bristle allows for superior sweeping on carpeting and entry mats. Ability to sweep liquids and dry debris. Superior longevity versus natural corn. Sustains temperatures up to 225°F.

Synthetic Palmyra

An ideal substitute with all the inherent properties of natural Palmyra. Bristle material has superior chemical resistance to acids, oil, fungus, and bacteria growth and withstands temperatures up to 225°F. A superior alternative that exceeds natural bristle performance.

Nylon

Excellent abrasion resistance, shear/break strength, and bristle bend recovery. Very good chemical resistance and sustains temperatures up to 350°F. Best choice for abrasive, rough use.

Nylon Grit

Nylon filament with silicone carbide in each bristle, designed for use in general light scrubbing to heavy-duty scrubbing and stripping. Nylon grit cleans floors faster and reaches into grout lines for thorough cleaning.

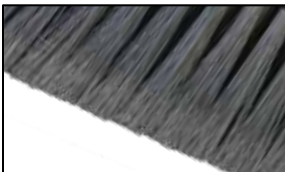

Aggressive Nylon Grit

An extra aggressive nylon filament bristle material with silicon carbide grit for scrubbing heavily soiled floor surfaces.

Polyester

Excellent chemical resistance, ultra violet light resistance, and bristle bend recovery. Very good abrasion resistance, and tear/break strength. Sustains temperatures up to 125°F. Best choice for all around use and for extreme exposure to cleaning chemicals.

Polypropylene

Excellent chemical resistance to acids, oils, fungus, and bacteria growth. Good abrasion resistance and shear/break strength. Sustains temperatures up to 225°F. Best choice as an economical synthetic foodservice alternative to natural fibers.

Flagged Polystyrene

A specially-treated type of polystyrene that has excellent bristle bend recovery and tear/break strength. Very good chemical resistance and fine bristle tip design resists matting for use up to 180°F. Best choice for floor sweeps and brooms.

Polystyrene

Has excellent bristle bend recovery and tear/break strength. Very good chemical resistance for general use up to 180°F. Best choice for floor sweeps and brooms.

Teflon®

Excellent heat resistance, abrasion resistance, and shear/break strength. Very good chemical resistance and bristle bend recovery. Sustains temperatures up to 500°F. Best choice for high heat uses.

Teflon® is a registered trademark of E.I. DuPont de Nemours & Co., Inc.
All plastic blocks and plastic bristles are made of FDA approved base resins.

cfsbrands.com | 800.654.8210 | See our online catalog for technical specifications.

BRISTLE MATERIAL GUIDE - NATURAL BRISTLES

Horsehair

A natural pointed tip, good shear/break resistance, and soft cleaning properties. Good durability and excellent blending properties make this an ideal choice for interior floor sweeps when blended with other fibers.

Boar Bristle

Bleached and sterilized bristles can withstand temperatures of up to 500°F. Double boiling process ensures integrity of bristles over long life. Natural taper and split ends of boar bristle make this one of the best choices for high heat basting.

Bassine Fiber

Natural stiff and coarse fibers from India palms is a classic choice for heavy floor cleaning.

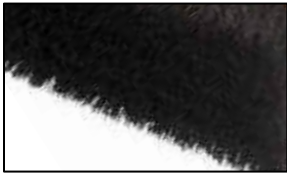

Bass Fiber

Natural African Bass Fiber is coarse, stiff, and provides good flexibility for use in upright floor sweeps and as a blend with other fibers for other applications.

Palmyra

Natural medium stiff fibers from India palms is an excellent choice for general floor sweeps. Provides good durability and bristle recovery.

Tampico

Natural Tampico fiber from the Mexican agave plant is a soft to medium soft bristle with very good durability. Good choice for finer floor sweeps and general cleaning scrub brushes.

Stainless Steel Wire

Rust proof, excellent chemical resistance, excellent bend recovery, provides a high degree of abrasion and wear resistance. Best foodservice choice for aggressive cleaning on grills and other heavily soiled foodservice equipment.

Carbon Steel Wire

Provides a high degree of abrasion and wear resistance. Good bend recovery. Best choice for aggressive cleaning on grills and other heavily soiled equipment.

Brass Wire

Rust resistant, provides a high degree of abrasion but is softer than stainless steel or carbon steel to prevent equipment damage. For use on ovens, griddles, and other metal equipment that is heavily soiled but cannot sustain heavy scratches.

FLOOR SWEEPS

OMNI SWEEP® FLOOR SWEEPS

- Unique patented design combines the features of fine, medium and heavy floor sweeps in a convenient all-in-one design
- Effective on all types of floor surfaces
- Short, heavy bristles in front easily sweep up heavy debris
- Long, fine/medium bristles in back sweep fine dust and particles
- Color-coded options to support an internal HACCP sanitary maintenance system

DUSTPANS & SWEEPERS

COLOR-CODED HANDHELD DUSTPANS

- Wide lip design allows for quick and efficient sweeping of fine and heavy debris
- Compatible with brooms and counter brushes for versatile cleaning on multiple surfaces
- Handheld design is ideal for easy use on countertops
- Color-coded options to support an internal HACCP sanitary maintenance system
- Made from durable polypropylene for longevity
- Built-in hanging hole for convenient storage

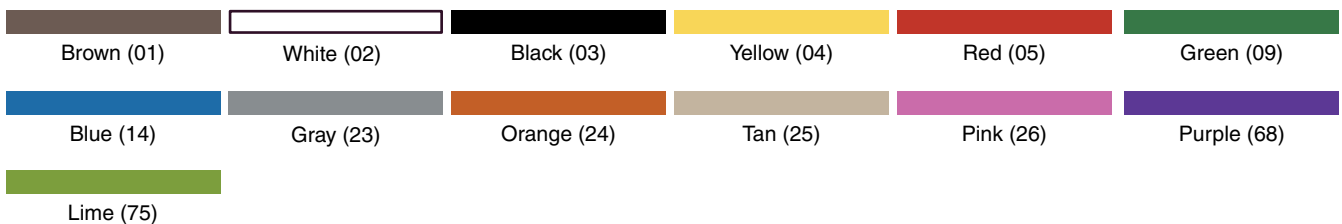

361440EC

COLOR-CODED UPRIGHT DUSTPANS

- Provides reliable debris disposal for various settings
- Serrated bail edge effectively combs broom bristles, ensuring a more thorough clean
- Locking pan head keeps the dustpan securely closed until ready to discard debris
- Convenient locking yoke secures the pan in place while emptying contents into a garbage can
- Durable aluminum handle offers optimal stability and long-lasting use
- Color-code options to support an internal HACCP sanitary maintenance system

FLOOR SCRUB BRUSHES

COLOR-CODED BI- AND MULTI-LEVEL SCRUB BRUSHES

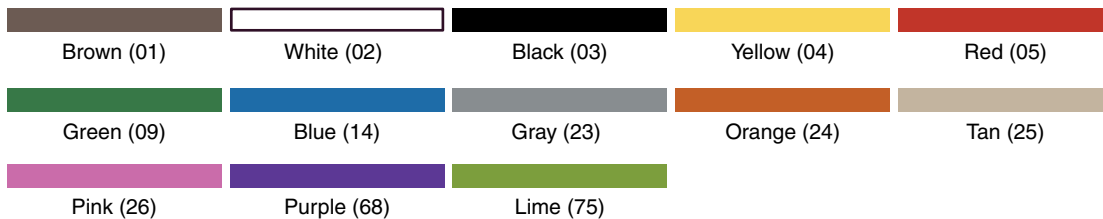

- Nonabsorbent bristles are resistant to oils and moisture
- Recommended for cleaning kitchen floors, under counters, around equipment, and along baseboards
- Floor scrubs are made with multiple brush surfaces for cleaning at different angles
- Non-absorbent plastic blocks and synthetic bristles wash easily and prevent gathering of mold and mildew
- 40422EC features end bristles for even more efficient scrubbing of baseboards and corners without having to change tools
- Color-coded options to support an internal HACCP sanitary maintenance system
- Features standard, 3/4-5 ACME threads

FLOOR SCRUB BRUSHES

DECK SCRUB BRUSHES

- Recommended use: cleaning kitchen floors, under counters, around equipment, and along baseboards
- Polypropylene (PPY) bristles are stiff and long lasting under harsh conditions; PPY bristles resist oil and water making them ideal for back-of-house cleaning
- Palmyra bristles are medium stiff and long lasting under harsh conditions
- Natural wood block

36190

36197

40421

DUAL SURFACE BRUSHES

- Crimped polypropylene bristles wash easily and prevent gathering of mold and mildew
- Split shape is efficient for cleaning flat surfaces, under counters, around equipment, and along baseboards
- Has molded-in rubber squeegee for water control
- BPA free
- Features standard, 3/4-5 ACME threads
- 36190 and 40421 also have an integrated squeegee

FLOOR SCRUB BRUSHES

COLOR-CODED FLO-THRU BRUSHES

- Each brush has one threaded flo-thru handle hole
- Flagged bristles provide a full coverage wash that removes dirt and grime
- Excellent for cleaning greasy surfaces from kitchen walls, equipment, even vehicles
- Soft Nylex (flagged) bristles set in non-absorbent plastic blocks that won't crack or chip
- Base resins used to produce blocks and bristles are made of FDA approved material
- 40050EC has an integrated protective bumper with rounded edges that protects vehicles and delicate surfaces during use
- Color-coded options to support an internal HACCP sanitary maintenance system

40050EC

41278EC

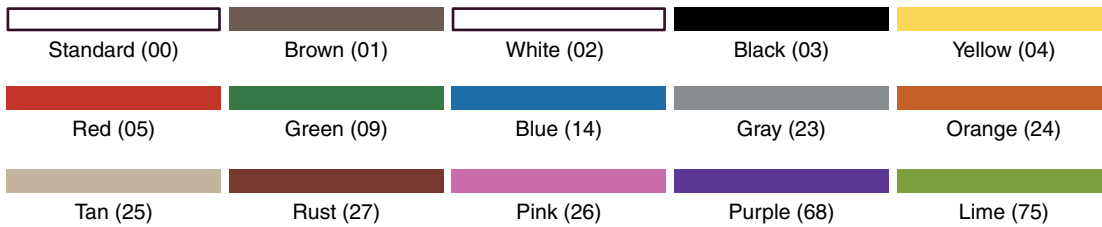

SWIVEL PAD HOLDER & PADS

- Durable holder swivels for easy cleaning around baseboards and floor edges
- Effective for reaching under fixtures for thorough cleaning
- Scrub pads are versatile and suitable for various cleaning tasks
- Ideal for use on food preparation equipment, ceramic tile, swimming pools, and more
- Made from synthetic materials for lasting durability

FLOOR SCRUB BRUSHES

SWIVEL FLOOR BRUSHES

- Swivels onto its side to clean baseboards, walls, around kitchen equipment, and hard-to-reach areas where floor machines can't reach
- Perfect for use in hotels/motels, food preparation, food processing, schools, and health care facilities
- 365310 is perfect for heavy scrubbing and stripping of wax build up
- 3638831EC resists water, high temperatures, acids, alkalis, and most cleaning solutions
- 365300 features Dupont Tynex A grit nylon bristles
- Color-coded options to support an internal HACCP sanitary maintenance system
- BPA free

3638831EC

TILE & GROUT BRUSHES

- Removes stubborn stains from grouted tile
- Foam-injected plastic block ensures additional durability for long-term use
- Polyester bristles maintain their shape for superior better scrubbing and prolonged bristle vitality
- 41323 features a molded in scraper for tough dirt and grime and can be hand held or used with a threaded handle
- 365320 has bevel cut stiff crimped nylon bristles and a swivel head for hard to reach areas
- Nonabsorbent bristles are resistant to oils or moisture

DOUBLE-BLADE SQUEEGEES

COLOR-CODED DOUBLE FOAM SQUEEGEES

- High-quality double foam blades efficiently remove water and dirt from uneven surfaces like grouted tile or non-slip flooring
- Durable all-plastic frame resists rust and corrosion, ensuring long-lasting use
- One-piece construction minimizes contamination risk
- Non-sparking construction makes it safe for cleaning spills of flammable chemicals
- Color-coded options to support an internal HACCP sanitary maintenance system

41567

DOUBLE FOAM SQUEEGEES WITH METAL FRAME

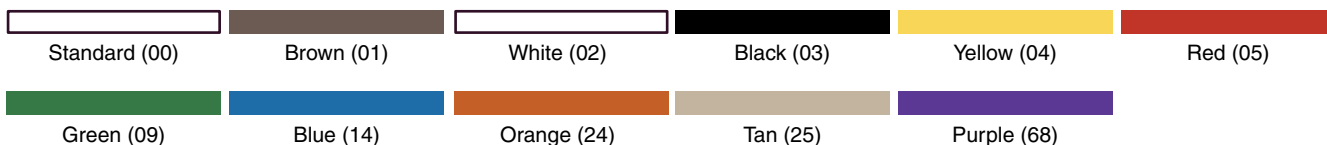

- Straight, heavy-duty steel frame
- Rugged, black Neoprene for heavy-duty removal of dirt, water, and debris on uneven surfaces
- Medium flexibility and non-marking
- Available in 3 sizes

WET MOPPING GUIDE

GENERAL MOPPING

Choose mops with high absorbency, release and durability. If laundering facilities are available, it is beneficial to take advantage of launderable mops to save money. For performance and durability choose a synthetic blend or rayon mop with looped end and woven tailbands.

YARN

- It is important to choose the right mop in order to get maximum efficiency
- Some yarns naturally perform specific cleaning tasks better than others

YARN PLY

- Yarn ply is the number of strands twisted together to make a single yarn strand
- Although more plies give added strength, it does not always mean higher quality yarn
- More strands can add durability, but they decrease absorbency
- It is better and more cost effective to choose a higher quality yarn than a high ply, low-quality yarn

TWIST

- The "twist" of a yarn is a result of how tightly the fiber strands are wound together
- A tightly twisted yarn might have more strength and last longer, but it can have less absorbency
- The best choice is determined by the type and quality of the yarn, as well as the mop's construction
- Mops with looped-end construction allow the yarn to have a loose twist without the fraying

FINISH MOPPING

For finish mopping applications look for a rayon or synthetic mop. These mops offer high absorbency and release. To make sure you are achieving maximum floor coverage with minimal streaking, choose a tailband and looped-end yarn.

	Advantages	Disadvantages	Use
Cotton	Good absorption & retention with limited shrinkage & a low initial cost.	Break-in period required. Slow drying yarn leads to mildew & deterioration. Lints.	Designed for general use. Scrubbing & cleaning up liquids.
Synthetic	Long stable fiber offers excellent tensile strength without linting.	Higher cost. Poor absorption.	Rough surfaces.
Cotton Synthetic Blend	Excellent choice for performance, price & durability. Synthetic fiber offers durability & color options.	Possible shrinkage.	Requested by professionals who require a better, longer lasting mop.
Rayon	Absorbs quickly with easy release. Dries fast & is mildew resistant. Cleaner yarn with less linting.	Shrinks when laundered and has less liquid retention.	Use for applying liquids such as disinfectant or floor finishes.

The majority of our mops are made with recycled material.

BAND STYLES

Wide Band
Vinyl coated mesh – 5in width

Narrow Band
Textured polyester tape – 1.25in width

Screw Top
Textured polyester tape with a metal screw on attachment – 1.25in width

Handle — Jaw Style

Handle - Quick Change/Release

Handle - Screw In

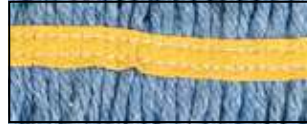

WET MOPPING GUIDE

SIZES ARE INDICATED BY TAILBAND COLOR

Small

Medium

Large

X-Large

CUT-END OR LOOPED-END

Cut-End

- Cut-end mops are the most popular
- Low purchase price compared to looped-end
- Cannot be laundered
- Cover less area per pass when mopping

Looped-End

- Superior performance and lasts longer than cut-end mops
- Launderable
- Tailband style gives better mopping coverage
- Looped ends prevent fraying and unraveling so you can achieve reduced labor costs and replace mops less often
- Although the initial investment is more than a cut-end style, the life expectancy makes looped-end mops a more economical choice

BRICK PACKS

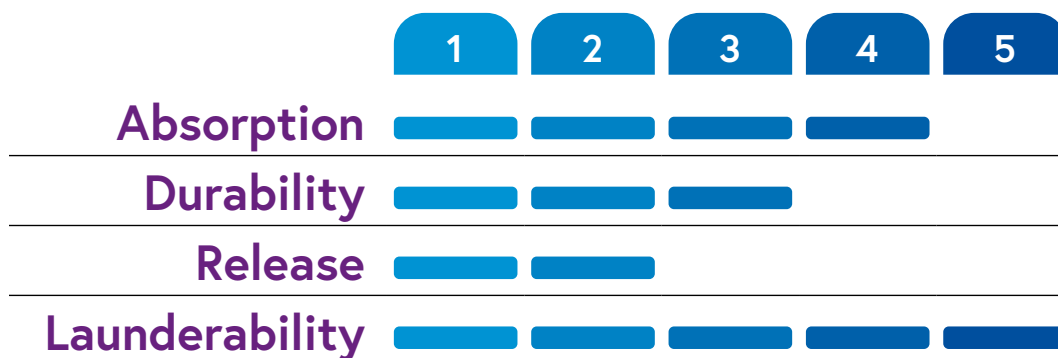

Mops that are available in brick packs reduce cube up to 62%.

Item numbers ending with a "B" are sold in brick packs.

WET MOPPING GUIDE

HOW WE RATE OUR MOPS

ABSORBENCY

The absorbency of a mop refers to the ability to pick up and retain liquid. Higher levels allow faster floor drying times, leading to greater productivity and safety. Rayon and cotton yarns have the highest absorbency.

DURABILITY

Mop durability is a measure of how long it will last or perform before needing replacement. Synthetic and blended mops are the most durable.

RELEASE/RETENTION

Release is the ability of a mop to disperse liquid onto the floor or during wringing. Higher levels allow faster and more complete wringing, as well as more efficient application of cleaning solutions on the floor.

LAUNDERABILITY

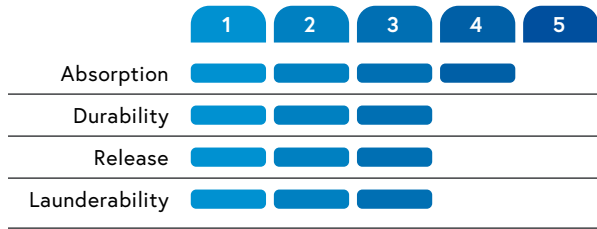

The launderability is based on the number of washing cycles it can withstand before the construction of the mop is degraded. Synthetic and blended fiber mops have the highest levels of launderability.

LOOPED-END MOPS

SYNTHETIC/COTTON BLEND LOOPED-END

- Maximum durability
- 50-75 uses per mop
- S, M, and L are available in brick packs

LOOPED-END MOPS

MICROFIBER (WIDE BAND)

- Medium looped-end microfiber mops combine the absorbency, launderability, and durability of microfiber with a conventional string mop design and functionality
- Yarn won't tangle
- Fits jaw-style mop handles

36942002

4-PLY RAYON BLEND FINISHING (NARROW AND WIDE BAND)

- Available with either a wide or narrow band
- Durable 4-ply rayon blend
- Releases liquid faster than a conventional mop for a smoother finish

369675B00

369670B14

ROUGH SURFACE (NARROW BAND)

- Excellent for abrasive surfaces: stone, quarry tile, concrete
- 17oz knitted "t-shirt" material has superior absorbency
- Not launderable

MOP BUCKETS

35-QUART COMMERCIAL MOP BUCKET WITH SIDE-PRESS WRINGER

- Extra-large capacity lets you mop more square footage on a single bucket
- Heavy-duty, commercial-style mop bucket is made from corrosion-resistant plastic
- 3in non-marking casters easily maneuver the mop bucket over thresholds or into elevators
- Reinforced side-press wringer features powder coated handle, heavy-duty spring and rubberized grip
- Front of mop bucket angles downward to keep dirt particles away from mop

OMNIFIT™ MOP BUCKET COMBO WITH SIDE PRESS WRINGER & SOILED WATER INSERT

- Durable and sturdy construction made from corrosion resistant polypropylene
- The long-lasting wringer is commercial use rated for 200,000 cycles
- Anti-splash technology helps reduce the risk of spilling and splashing during usage
- Anti-tip wringer helps ensure bucket doesn't tip during use
- Dedicated insert creates a divided mop bucket, separating clean from soiled water
- Non-marking, swiveling casters provide convenient and mess-free mobility over smooth floor surfaces
- Color-coded options to support an internal HACCP sanitary maintenance system

OmniFit™ Mop Bucket Combo with Side Press Wringer

86904

OmniFit™ Mop Bucket Combo with Down Press Wringer

46904

MOP BUCKETS

MOP BUCKET

- Durable material: sturdy construction made from corrosion resistant polypropylene
- Scuff resistant: non-marking, swiveling casters provide convenient and mess-free mobility over smooth floor surfaces
- Color-coded options to support an internal HACCP sanitary maintenance system

7690404

DOWN WRINGER

- Ergonomic handle: easy to move and press
- Long lasting wringer: consistent commercial use rated for 200,000 cycles
- Anti-tip: wringer keeps bucket from tipping over during usage

2690404

INSERT BUCKET

- Insert versatility: create a divided mop bucket separating dirty water from your cleaner water solution
- Large water capacity: insert can hold up to 17 quarts of clean water

COMPLETE
CLEAN
EFFICIENT

WASHROOM SOLUTIONS

A clean and efficient washroom environment starts with modern, dependable dispensing solutions. Our innovative systems ensure worry-free operation, blending high-quality materials with thoughtful designs. This approach not only enhances cleanliness but also minimizes waste and costs, allowing you to maintain the highest hygiene standards.

SUMMIT DISPENSERS

Elevate your space with the Summit™ family of products, where cutting-edge design seamlessly blends with advanced technology to deliver stunning, dependable, and high-performance dispensing solutions. The Summit line offers unparalleled customization options, featuring adjustable dispensing settings and an optional IQ sensor in select models for a truly personalized experience. Available in three elegant and contemporary finishes, Summit products are designed to complement a wide range of room aesthetics, adding both style and functionality to any environment.

CLASSIC ecoLOGIC DISPENSERS

THE ECO LOGICAL CHOICE!

Sustainable. Renewable. Recyclable.

CFS Brands offers more eco-friendly dispensing options than anyone, and we are committed to responsible manufacturing. Our San Jamar Classic ecoLogic dispensers are made of recycled, sustainable material and proudly display a bright green "eco" logo to show your commitment to the environment.

The dispensers are shipped in 100% recycled boxes, and they're sealed in biodegradable bags made of plant-based polymer.

Facilities that use San Jamar Classic ecoLogic dispensers can help to lower their carbon footprint and meet sustainability goals year after year. And the best news is they cost the same as our standard Classic dispensers, so you don't have to pay more to be green!

Features & Benefits

- **Largest Selection:** The market leader in recycled dispensers from the brand you trust, San Jamar. Now available in the Classic family of products.
- **Classic Design:** A familiar look with a new focus on protecting the planet, these ecoLogic dispensers are right at home in any washroom or facility.
- **Recycled Packaging:** Recyclable boxes and instructions
- **Plant-Based Material:** Biodegradable bags made from a plant-based polymer
- **Two Color Options:** Most styles are also available in white (black shown).

Show The World

Eye-catching eco logo tells the world you care about sustainability

Sustainability Made Easy

Made from post-consumer recycled material, a sustainable solution for a greener tomorrow

TIMELESS™ DISPENSERS

FROM THE EXPERTS IN UNIVERSAL DISPENSING

Introducing the Timeless™ dispenser collection, the very latest in cost-conscious universal paper and soap dispensing from San Jamar. The new Timeless™ line combines value with next-level engineering and build quality that delivers sleek modern design, unmatched convenience, and outstanding durability, even in the most demanding environments. And Timeless™ dispensers truly define the notion of universal, working with any brand or quality of paper, and all bulk foam, liquid, or lotion soaps and sanitizers.

Available in popular black and white colors, the Timeless™ dispensing line can also be custom branded for maximum impact. The new Timeless™ line-up includes two tissue units, a folded towel dispenser, a mechanical hands-free roll towel offering, a centerpull roll towel unit, and a manual soap dispenser. With its competitive price point and retail-friendly packaging, the Timeless™ line is perfect for cash-and-carry transactions.

FEATURES & BENEFITS

- True Universal Dispensing: Able to handle any brand or quality of paper or tissue, all bulk foam, liquid, or lotion soaps and sanitizers for operational freedom and cost savings.
- Easy Does It: Easy to install, load, and use while utilizing the same waffle key shared by all San Jamar products. Viewing windows allow for easy monitoring of paper and soap levels.
- Durability in the Most Demanding Environments: Engineered and constructed with durability in mind. Comes with a 1 Year Manufacturer's Warranty.
- Looking Good: Attractive sleek and modern designs in both black and white colors. A custom-branding option is also available (please contact your CFS Brands representative for more details).
- Perfect for Cash-and-Carry: Price point and retail friendly packaging are well-suited for cash-and-carry sales.

One waffle key opens and closes every plastic dispenser in our product line.

Single 9in JBT Tissue Dispenser

- Universal dispensing of any brand or quality of 9in jumbo bath tissue (JBT)
- Attractive design with ergonomic loading system
- Provides multi-directional tearing and easy paper access for ease-of-use

Mechanical Hands-Free Roll Towel Dispenser

- Universal dispensing of any brand or quality of roll towel paper
- Easy operation and maintenance with no batteries required
- Touchless, automatic precision mechanical dispensing

Manual Soap Dispenser

- Works with all bulk foam soap, liquid or lotion soaps and sanitizers
- Hinged-cover design for easy opening and soap replacement
- Viewing window to monitor soap level without opening the dispenser

TRANSPORTATION & BUSSING

Our high-quality dollies, carts, and caddies are designed to minimize the risk of food contamination and reduce employee injuries. With their streamlined, efficient designs, these products cater to a wide variety of needs and are perfect for multi-purpose use in any kitchen or food service environment. By enhancing organization and facilitating safer transportation of supplies, our solutions help maintain a clean, efficient workspace while promoting food safety and worker well-being.

BUSSING CARTS

- Durable construction stands up to the toughest use
- Molded-on handles will not come apart when rolling over bumps and uneven surfaces
- Shelves have raised edges for quick loading and to protect from spills and accidents
- Available with back panels to hide clutter

DISH DOLLIES

OPTIMIZER™ ADJUSTABLE DISH DOLLIES

- Adjustable dividers eliminate the need for individually-sized dollies
- Dollies hold plates from 5.5in to 12.5in
- Polyethylene dividers and walls help prevent dish edge chipping
- Two-handed access to all plates reduces breakage
- Includes vinyl cover with easy-opening hook and loop side included for sanitary storage
- NSF listed

ADS4 OPTIMIZER DOLLY FEATURES:

- Smaller size allows it to fit through narrow corridors or under tables
- Offers a flexible configuration to hold a variety of plates
- Features 4 swivel non-locking casters

ADS4

DISH DOLLIES

ADD4, ADD6 OPTIMIZER DOLLIES:

- Can hold trays, plates, and platters for increased flexibility
- ADD4 can hold five stacks of 9.88in to 11.25in plates; 25% more than any other similar dish dolly
- ADD6 can hold eight stacks of 5.5in to 8.25in plates; 33-50% more than any other similar dish dolly (up to 50 or more plates per stack, depending on plate profile)
- Use 2-4 dividers for 10in or larger plates; 6 dividers for 8in to 9.75in plates; 8 dividers for 8 stacks of 7.75in or smaller plates
- Use 2 dividers for 13.5in x 10.5in platters; 6 dividers for 9.5in x 7.25in to 12in x 9.25in platters.
- Non-marking casters (2 rigid 10" and 2 swivel locking)

DOLLIES & TOOL CADDIES

BRONCO™ ROUND WASTE CONTAINER DOLLIES

- Round waste container dolly with five swivel casters fits 20-, 32-, 44-, and 55-gallon trash cans for safe transport of heavy loads
- Simple twist-to-lock feature securely fastens dolly to container base
- Non-marking 3in swivel casters cleanly roll over a variety of indoor and outdoor surfaces
- 3691003 features threaded, replaceable casters (replacement casters sold separately) to extend dolly life
- NSF 2
- BPA free

3691003

3691704

TRIMLINE™ DOLLY

- Ease of movement allows waste containers to be filled and reduces transportation time for emptying
- HACCP compliant – reduces handling and exposure and prohibits access to pests
- Low-profile design allows combined dolly and container to fit under standard foodservice counters
- Accommodates Carlisle TrimLine 15- and 23-gallon waste containers and similar competitor slim-style trash cans
- 3in non-marking swivel casters provide silent omni-directional movement across all surfaces for easy transport
- Weighs less than the leading competitor dolly
- Able to support up to 200 pounds

EFFICIENT
SAFE
EFFECTIVE

WINDOW & HIGH ACCESS CLEANING

Our window and high access tools are designed for maximum efficiency and safety, producing clear results with minimal effort. Featuring ergonomic designs for ease of motion, these tools help you stay well-equipped and comfortable while ensuring superior cleaning performance, even in hard-to-reach areas.

WINDOW WASHER ACCESSORIES

14IN WIPER & WASHER COMBO

- Efficient design means there's no lost time changing tools
- Doesn't leave water residue in corners or edges
- Reliable locking and click-on parts make it extra safe with no need for excess reaching
- Light pressure channel combined with a lightweight and ergonomic design makes it easy to handle
- One pass option means you can wash and wipe in the same motion

36543100

36543500

TELESCOPIC HANDLES

- Locking parts facilitate stable movement while in use
- Universal cone means it's interchangeable with all leading competitors
- Ergonomic handle provides a comfortable, secure grip, even when wet
- Ideal for window brushes and squeegees
- Adjusts quickly to the desired length
