BONE CHINA

Fortessa Bone China™ and Bella Vita Bone China™ set the highest standard for quality, value and design. Their high strength-to-weight ratio and market-leading durability make them practical for commercial foodservice use. Their innovative designs provide the best presentation for professional culinarians as well as gourmet dining at home.

Fortessa Bone China™ contains over 44% tricalcium phosphate, which provides a brilliant white “canvas” for presenting food, and has a coveted translucent quality found only in the finest bone china.

Bella Vita offers a lively selection of dinnerware choices that create uniquely expressive tabletops for special occasions and events. Bella Vita ranges can be used for complete tabletops or as accent pieces to enliven the look of any table setting.

ABIGAIL

Bella Vita™ Bone China

Brilliantly embossed with a feminine touch, Abigail is a classic take on whiteware.

FORTALUXE®

Fortessa® Fortaluxe®. Elegant and fashionable, Fortaluxe tableware easily withstands the rigors of commercial foodservice. Fortaluxe is vitrified china made with added alumina oxide or magnesium oxide to enhance durability over other popular brands. Fortaluxe enables table settings to be mixed and matched in an eclectic, highly personalized style. Also microwave and dishwasher safe, Fortaluxe® makes fashion-forward table setting easy.

AMANDA

Fortessa® Fortaluxe®

Amanda's elegance stems from refined understatement. A low profile creates the perfect plating space, while subtle embossing on the rim draws the eye inward. Dressed up or dressed down, this pattern has poise.

We recommend these pieces are hand washed as each item has its own individual idiosyncrasies. They are dishwasher safe however, at lower temperature cycles. Prolonged high-temperature dishwashing can in some cases cause crazing of the glaze.

For over 145 years Schott Zwiesel has set the standard for innovative design and technological leadership in glass production craftsmanship. Our proprietary Tritan® Crystal Glass formula, adds titanium for strength and zirconium for clarity, and our exclusive manufacturing process focuses tempered strength on key at-risk areas – the rim, the bowl-stem joint, and the stem-foot joint, creating a superior crystal glass in appearance, durability and design. Coupling technology with a wine connoisseur's appreciation for flavor, Schott Zwiesel glassware is designed for aesthetic beauty and engineered for total balance and proportion with laser-cut rims for smoothly placing the wine perfectly on your palate. This unique combination of brilliant clarity, break, scratch and chip resistance, and high resilience to daily usage is why we call our Tritan® Crystal Glass – "the World's Best Crystal Glass".

AIR

Schott Zwiesel Tritan®

Air features the thinnest, lightest Tritan® stems and bowls available - virtually weightless form that brings out the best flavors in the wine without sacrificing durability.

FORTISSIMO

Schott Zwiesel Tritan®

Fortissimo's long stem helps maintain wine's ideal drinking temperature, putting distance between your hand and the bowl. The bowl shape allows for aeration and the release of aromas, with a narrower opening to trap aromas.

FORTESSA TABLEWARE SOLUTIONS™

PRODUCTS

- Hygienic and safe for foodservice use
- Provide for thousands of reuses, reducing waste and garbage
- Inherently of lower impact than disposable and low quality products

MANUFACTURING

- Industry leading innovation for environmental glass production, implemented 2012
- Wholly owned operation in China for quality control and inspection of facilities
- Long-term relationships with ethical and responsible suppliers throughout the world
- Products are free from lead and other heavy metals

COMPLIANCE

- Corporate priority on regulatory compliance in all countries of operation
- Extensive work with US Agencies such as FDA, DOT, CBP, and EPA

TRANSPORTATION

- Consolidation to increase efficiency
- Use of freight rail rather than trucking
- Shipping policies to encourage efficient ordering

PACKAGING

- Use of recycled materials as practical given market requirements
- Use of environmentally friendly and recyclable materials

ENVIRONMENTAL INITIATIVES

INFORMATION TECHNOLOGY

- Server virtualization to reduce server hardware requirements by a factor of 10. This reduces energy use by 90% and reduces landfill waste.
- Desktop virtualization to eliminate energy-hungry desktop computers and reduce landfill waste.
- Virtual meeting technology to reduce energy consumption and pollution related to travel.
- Teleworking technology to allow employees to work from home or other offsite locations reduces energy consumption and pollution related to travel and allows Fortessa Tableware Solutions to occupy smaller office locations, reducing total environmental footprint.
- Digital document handling and storage to reduce the need for paper based documents, resulting in reduced energy consumption and smaller environmental footprint.
- Business intelligence software to allow for sophisticated data analysis and storage without paper based reports, resulting in reduced energy consumption and smaller environmental footprint.

ACKNOWLEDGMENTS

- Fortessa Tableware Solutions has received the Green Business Certification award from the Loudoun County Chamber of Commerce. One of the first member companies to receive this distinction, the Green Business Certification examines a broad range of criteria for clean operation, reduced carbon footprint and sustainable best practices.
