For the *finest* presentations

When it comes to fine dining, there should be no compromise. As investment-quality dinnerware, Syracuse® China blends impeccable style with proven performance.

Discerning chefs love how it looks, smart managers love how it lasts.

The sophisticated, swirling black accents of Silk™ Tracer add a sense of energy and intriguing drama to the table (see page 39).

With a broad palette of distinctive designs and body colors, Syracuse China provides the versatility to fully realize your vision. Even better, its hard glaze resists scratching to withstand the rigors of everyday use – performance worthy of a Lifetime No-Chip Warranty.

**Ask your Libbey® sales representative about investing in the only china backed by the integrity of a foodservice industry leader.**

Add a *gleaming* touch to stand apart

The way it shines. The way it feels in the hand. The impression it makes on the dining experience. When setting your tables for success, never underestimate the impact of flatware from World® Tableware.

Choose from one of the industry's largest offerings of stainless steel and silverplated flatware. We feature products made from durable chrome and nickel alloys to resist corrosion from cleaning chemicals and acidic foods. Or go without nickel for compatibility with magnetic retrieval systems.

Precision balancing in Balencia's handle prevents the fork prongs, spoon bowl and knife blade from touching the table surface (see page 127).

Further separate from the competition with our high-carbon steel blade steak knives, available in a comprehensive variety of styles with natural or synthetic handles.

**Ask your Libbey® sales representative for recommendations on the right flatware to make your tables gleam.**

## Mini-sized flatware may be *just* right

Sometimes full-size flatware just isn't the best fit. Little kids can have a tough time managing grown-up utensils. And airplane tray tables? Space is definitely at a premium.

For needs like these, the big idea is to think small, or mini, to be precise. Our mini-sized flatware is made specifically for children and for environments with limited space.

With durable 18/8 and 18/0 designs, it's as attractive to present as it is easy to use.

## CUSTOM STAMPING GUIDE

### CUSTOM STAMPING/ENGRAVING GUIDE – FLATWARE

All World® Tableware flatware, serving pieces and steak knives can be customized to feature your name and/or logo on either the front or back, as permitted by the pattern design. Choose from many typeface designs or have us create stamps from your logo, crest or other artwork.

Most stamping jobs require at least two dies, and usually three, so that lettering will be in proper proportion to handle sizes.

Up to five different die sizes may be required to stamp an extensive flatware service. Steak knives can be laser-engraved on either blade.

Custom stamping or laser engraving adds approximately 30 days to normal shipping requirements upon receipt of purchase order and approved artwork.

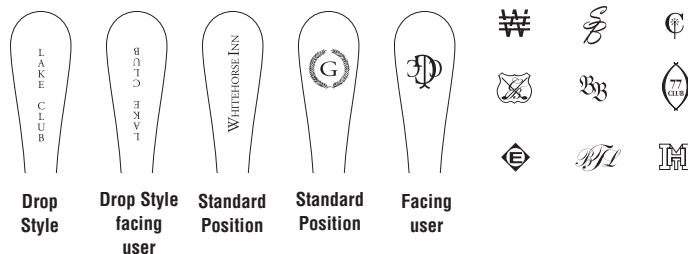

Please contact your World Tableware sales representative for more details on how to make your own unique “statement” by customizing your tabletop flatware.

### CUSTOM ENGRAVING GUIDE – HOLLOWARE

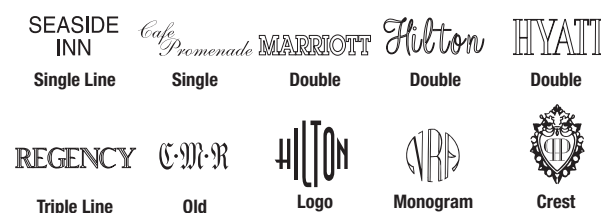

Special monograms, crests or logos for reproduction by machine engraving on holloware require a customized stencil. The cost of engraving a logo, monogram or crest on a piece of holloware will vary depending upon the complexity of the design and will be determined by the engraver upon receipt of the artwork along with location and size instructions. A drawing will be prepared and sent for your approval showing size and position on the item. This drawing must be signed and returned before an engraved order will be processed.

### SUGGESTED STAMPING – FLATWARE

### SUGGESTED STAMPING – HOLLOWARE

All engraving must be on a surface area that lends ample space to complete the lettering. The final location is subject to the engraver’s approval. Stock lettering styles shown above do not require a stencil charge unless the customer requires a larger size than is possible using the stock stencils.

All orders must include style of lettering, size of letters and position of each article where lettering is desired.

Orders for engraving machine lettering add approximately 30 days for normal shipping requirements. Examples of letter engraving for logos and stamping are illustrated above.

## MADE-TO-ORDER (MTO)\* ITEMS – SILVERPLATED

All silverplated items identified in this catalog are plated on a Made-to-Order basis and subject to shipment approximately six weeks after receipt of the order at World Tableware, provided there is sufficient stainless steel stock. Customer orders for silverplated merchandise are non-cancelable and non-returnable once an order has been processed. Items substituted for Made-to-Order merchandise “on order, but unshipped” are absolutely prohibited.

\*Made-to-Order, subject to lead times.
